

Wall Mount Guitar Holder

By **Lemon Thistle**

Difficulty

Easy

This simple wall mount guitar holder is perfect for displaying your guitars without taking up floor space. Simple design means they look rad even if theres no guitar hung.

Materials

Wood Products

1 Board , 1x4 , 12"

Hardware & Supplies

2 Pocket Screws 1 1/4"

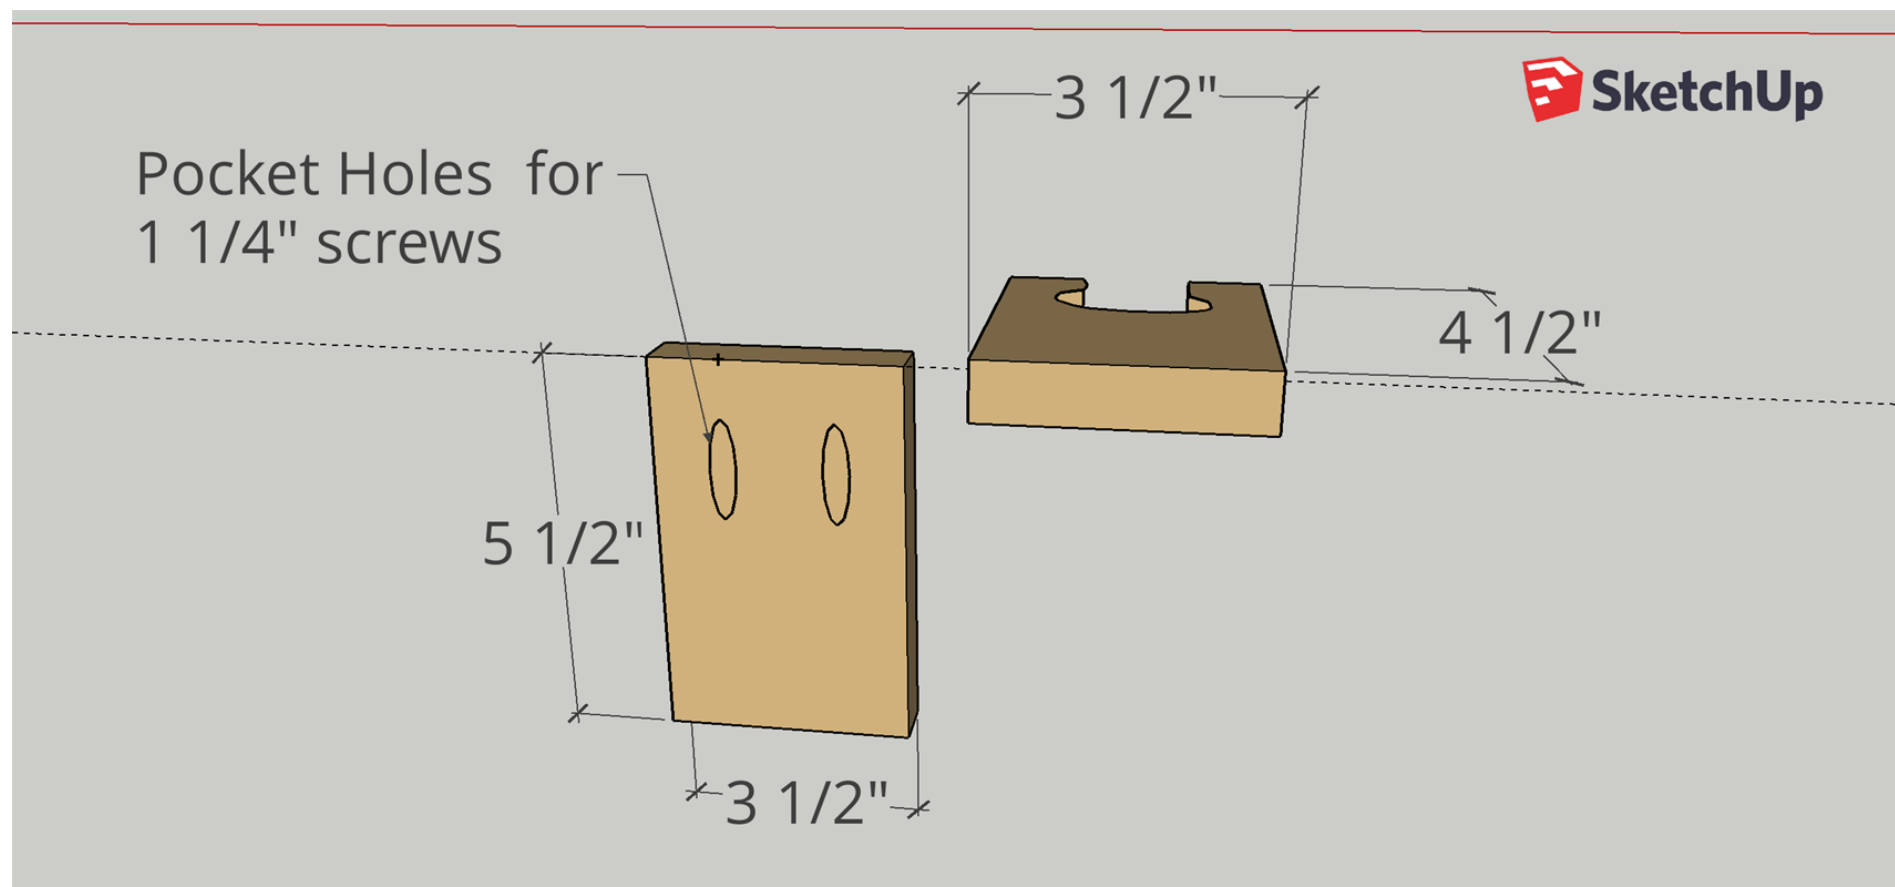

2 2" Black Screws For Mounting

1 Ebony Stain

1 Satin Clear Coat

Cut List & Parts

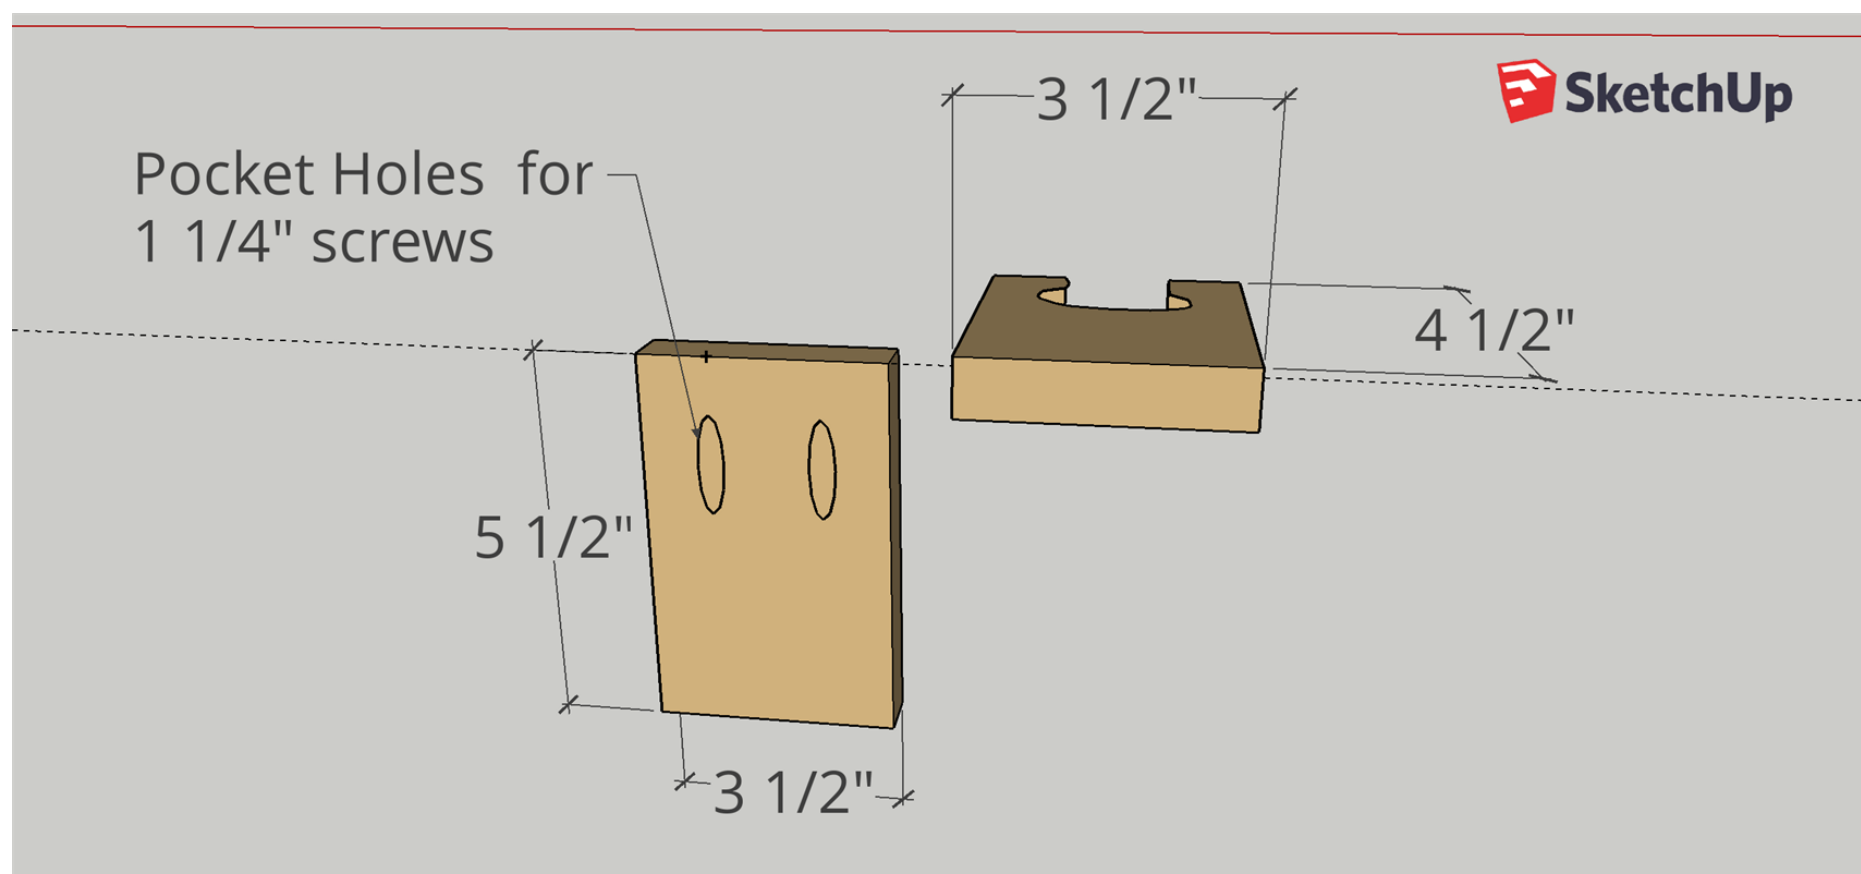

- 1 Wall Mount , 3/4" X 3 1/2" X 5 1/2"
- 1 Guitar Holder , 3/4" X 3 1/2" X 4 1/2"

Directions

1**Plans**

These plans illustrate the sizing and cuts for each piece in the holder.

2**Cut Wood**

Cut the board (I used maple) into two pieces, one 5 1/2" and one 4 1/2"

3**Drill Pocket Holes**

Drill two pocket holes according to Kreg Jig directions in the longer piece of wood as shown in plans.

4**Cut Guitar Neck Hold**

Use a jigsaw or scroll saw to cut a space for your guitar neck. Cut according to the size of your guitar, making it no larger than the bottom of the headstock.

5

Attach Wood Pieces

Use the pocket hole screws and attach the two pieces of wood as shown.

6**Sand, Stain, Seal**

Sand, stain and seal your guitar holders. I used Ebony stain and a satin poly.

7

Mount to wall

Using wall anchors if necessary, sink two screws through the top half of the wall mount into the wall.
