

# Modern Floating Nightstand

By **Spencley Design Co**

Difficulty  
Moderate

This nightstand is the perfect way to compliment your home and has just enough storage without being too bulky.

## Watch the Video

Before attempting this project, watch the full youtube video to get a better understanding of how to complete the project.

Link for the video is down below in the “extras” section

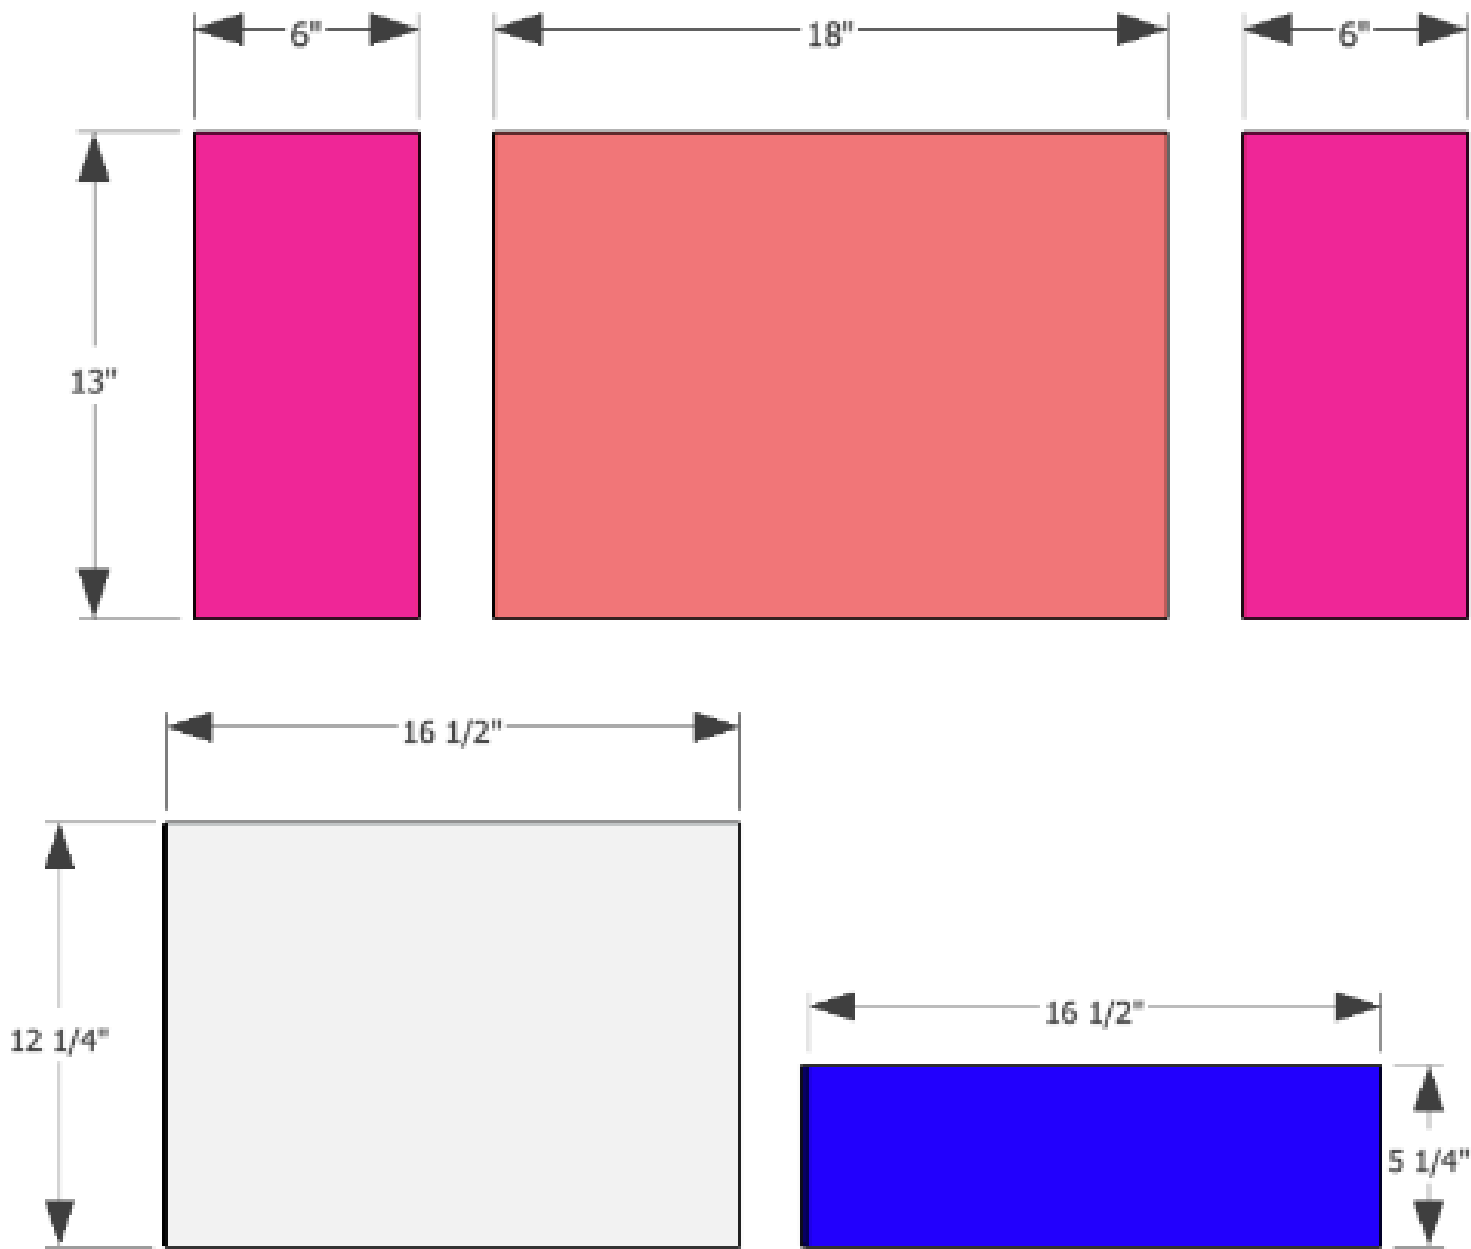

## 2

### Cut pieces for main case

Cut pieces down according to the cut list for the main case

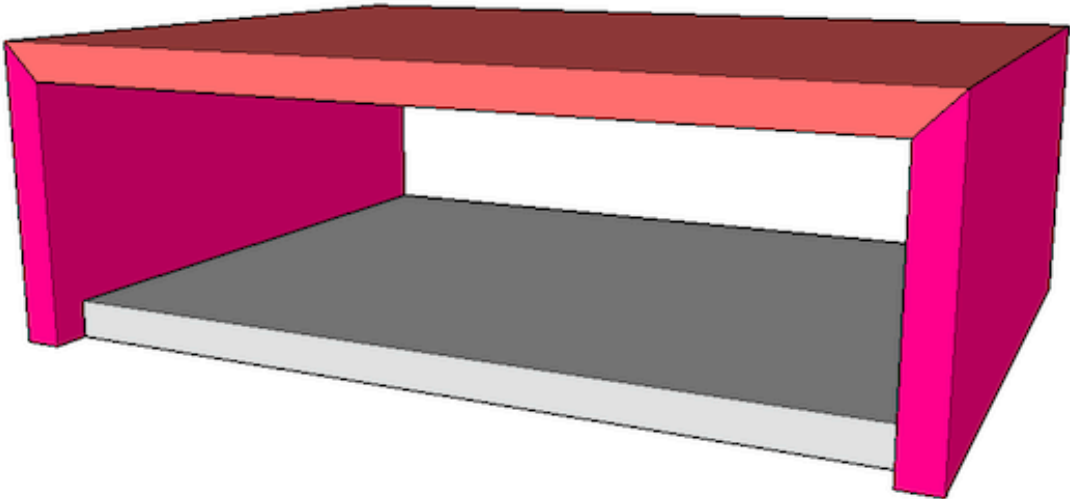

3/4" Thick Cherry Hardwood

3

Assemble nightstand case

Using glue assemble all 4 of the pieces for the main case out of  $\frac{3}{4}$ " thick cherry.

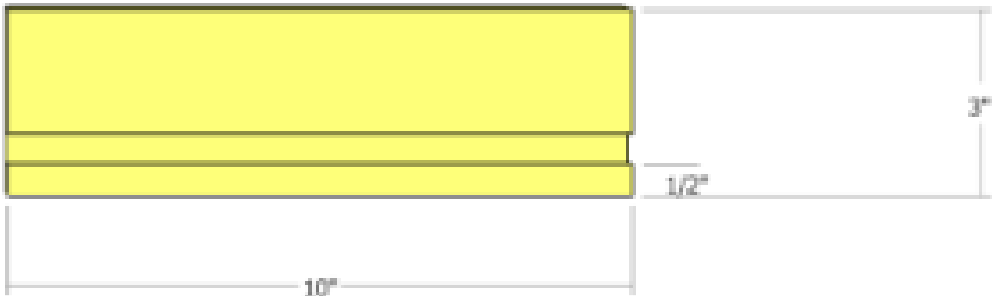

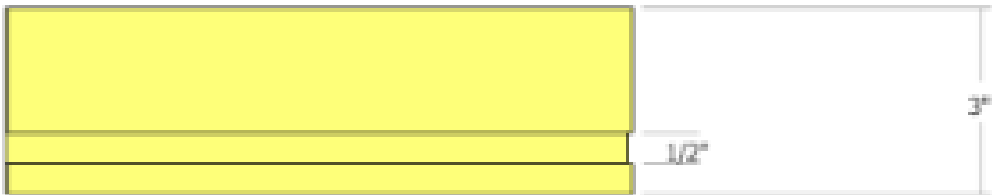

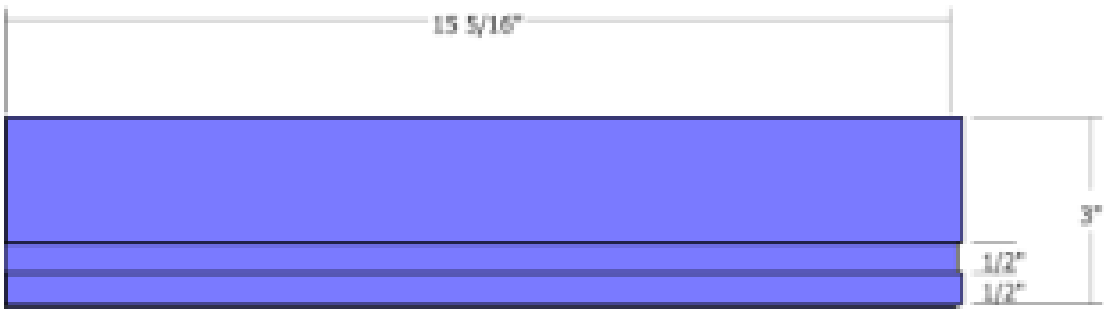

4

Cut pieces for drawer box

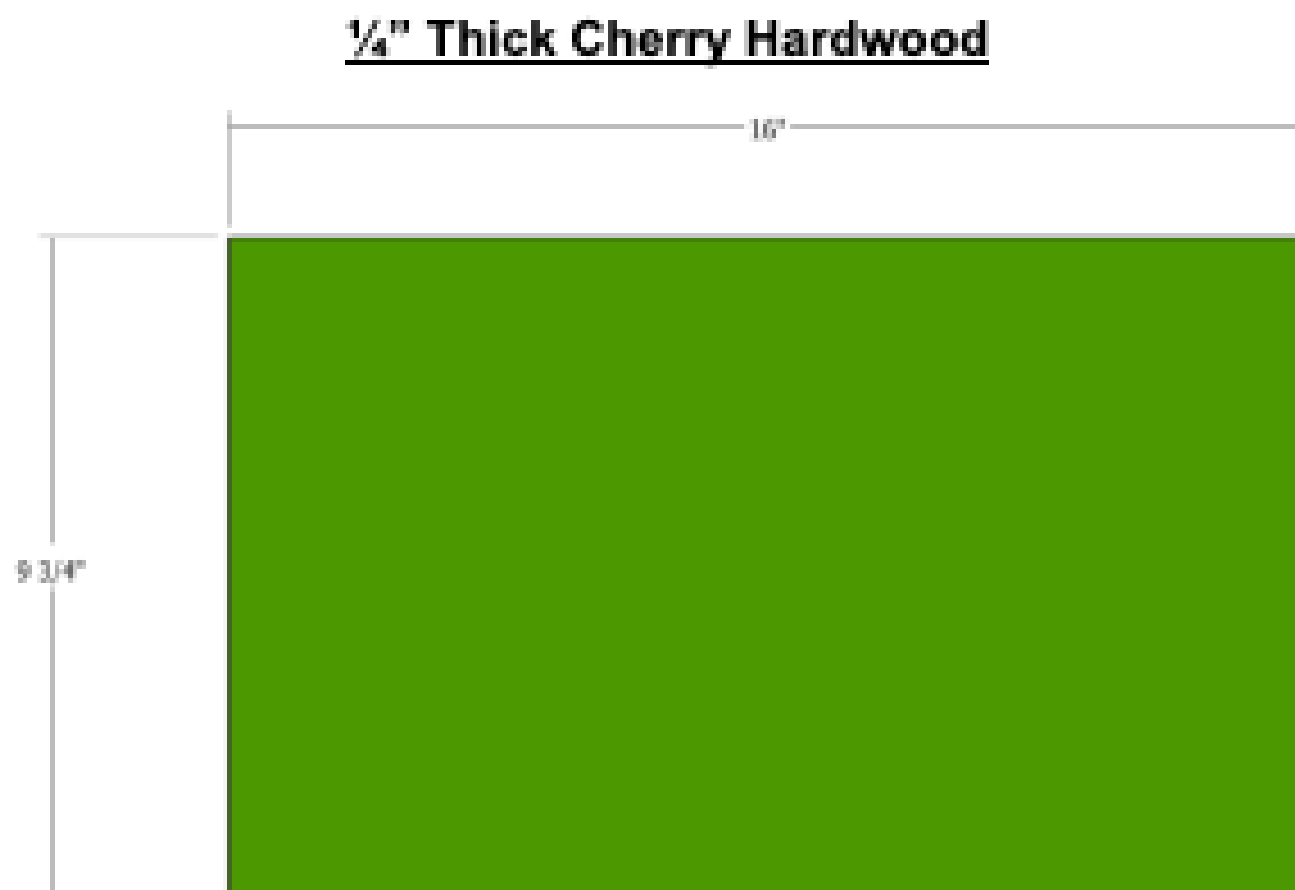

Cut pieces for drawer box out of  $\frac{1}{2}$ " thick cherry.

$\frac{1}{2}$ " Thick Cherry Hardwood

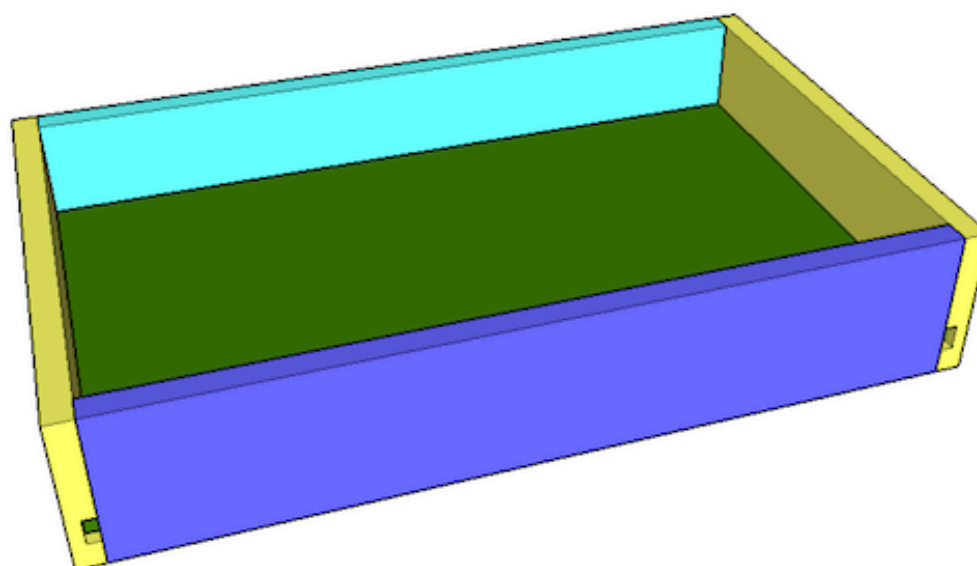

**5****Cut drawer bottom**

Using ¾" thick cherry, cut the drawer bottom to final size

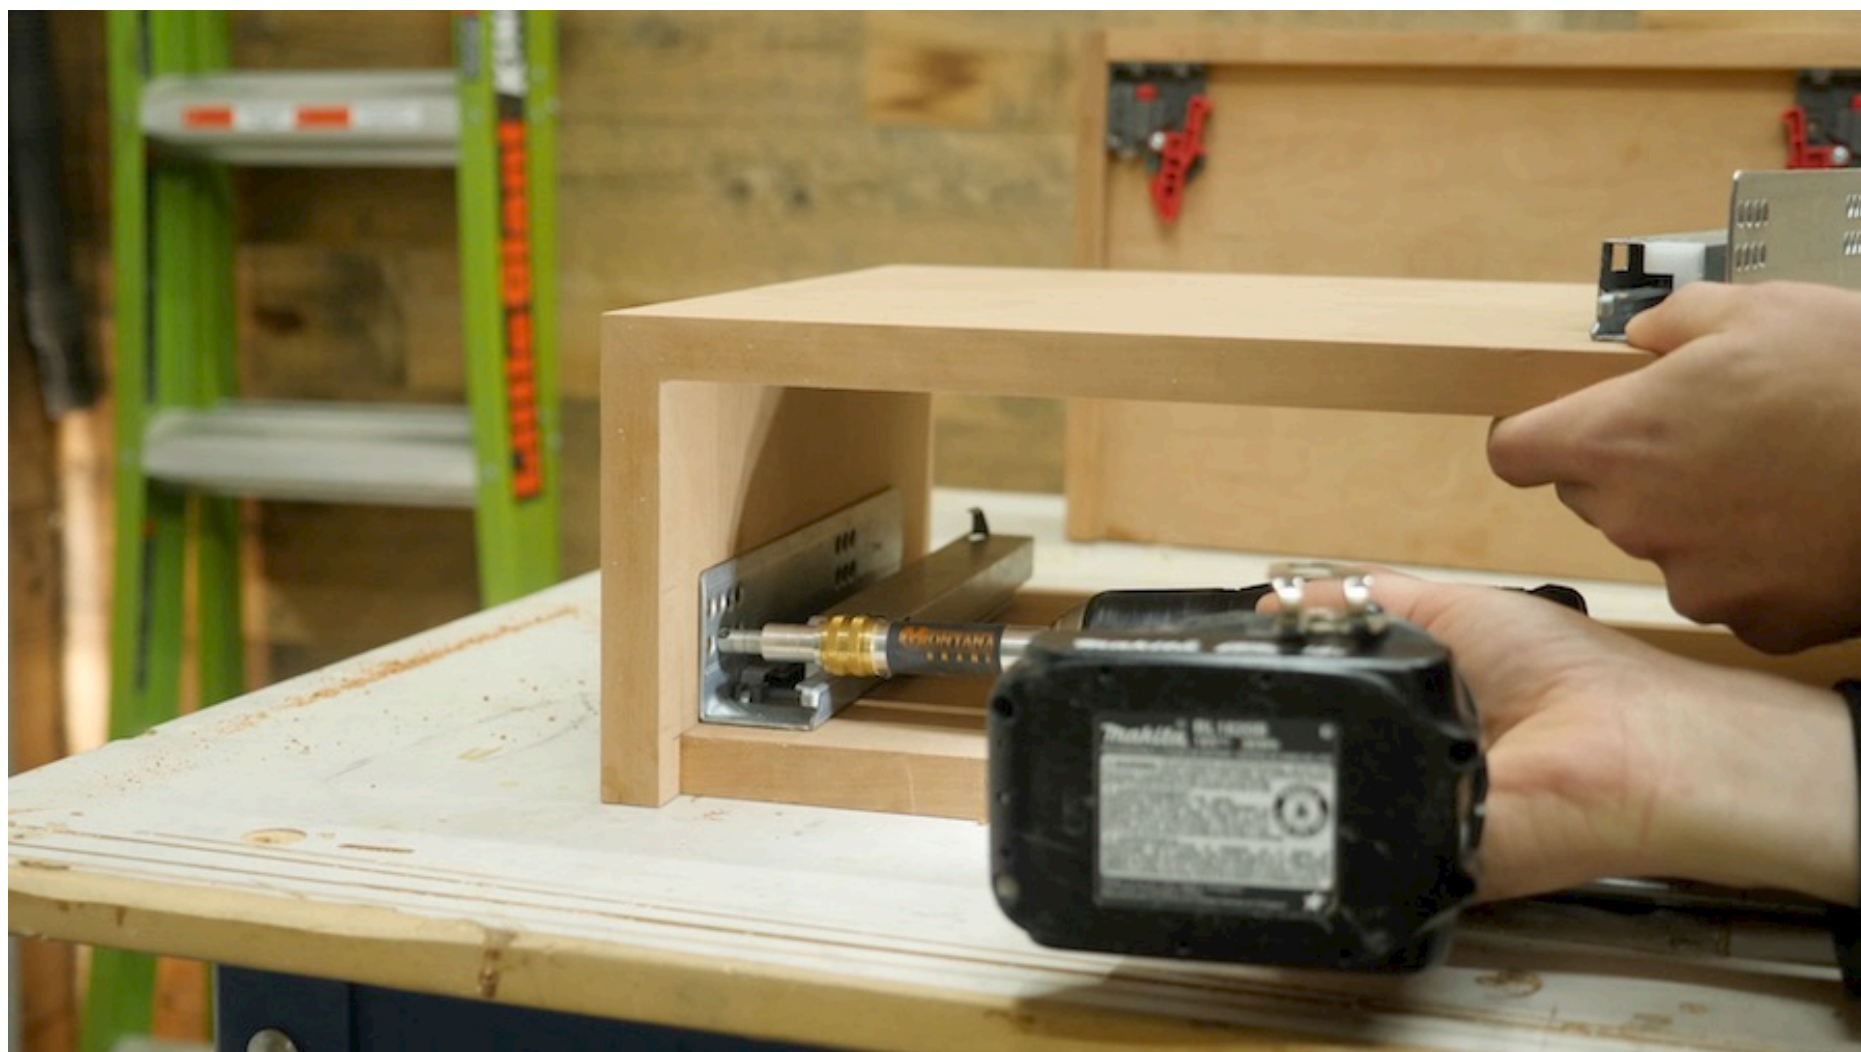

**6****Assemble drawer**

Using pocket hole screws, assemble the drawer box

**7****Attach drawer slides**

Attach undermount drawer slides inside the box

**8****Attach drawer front**

Using screws, attach the drawer front to the center of the drawer box
