pocket holes

Directions

1

Cut pieces

Using the cut list provided, cut the sides, top, bottom, and door for your little library.

2**Add pocket holes**

Using the foreman, add pocket holes on each of the sides of your little library.

**3****Assemble**

Put the sides and back together with the bottom.

4**Prepare the front opening**

Cut the opening in the front piece and attach it.

5**Prepare the door**

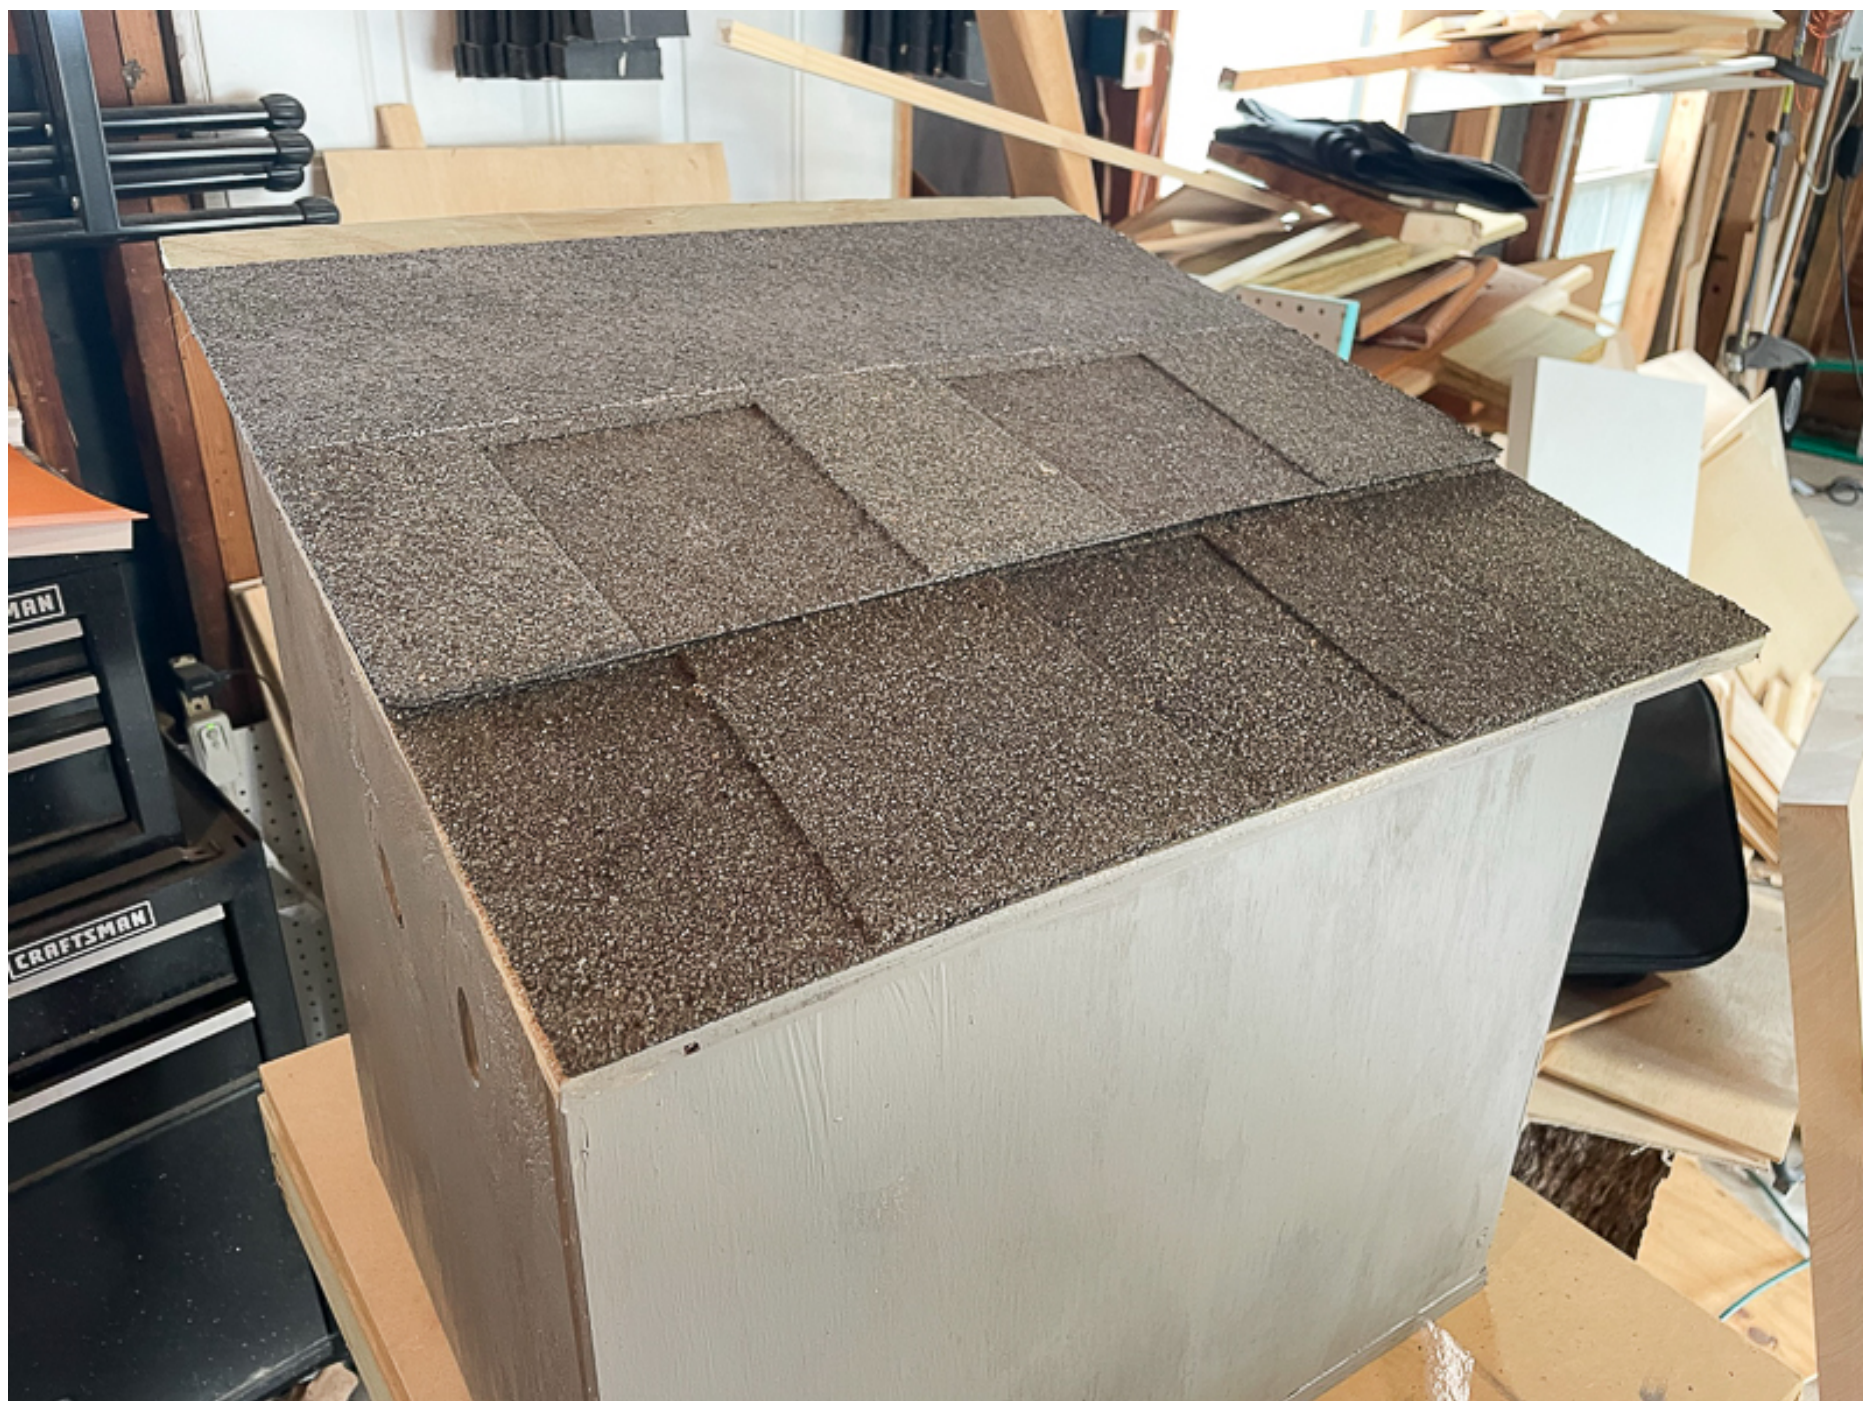

Cut the opening in the door for the plexiglass then attach it.

6

Prepare the roof

Attach the roof and add shingles

7**Caulk and Paint**

Add caulk and paint to seal your little library.
