# Directions

---

1

## Attach Bottom Shelf

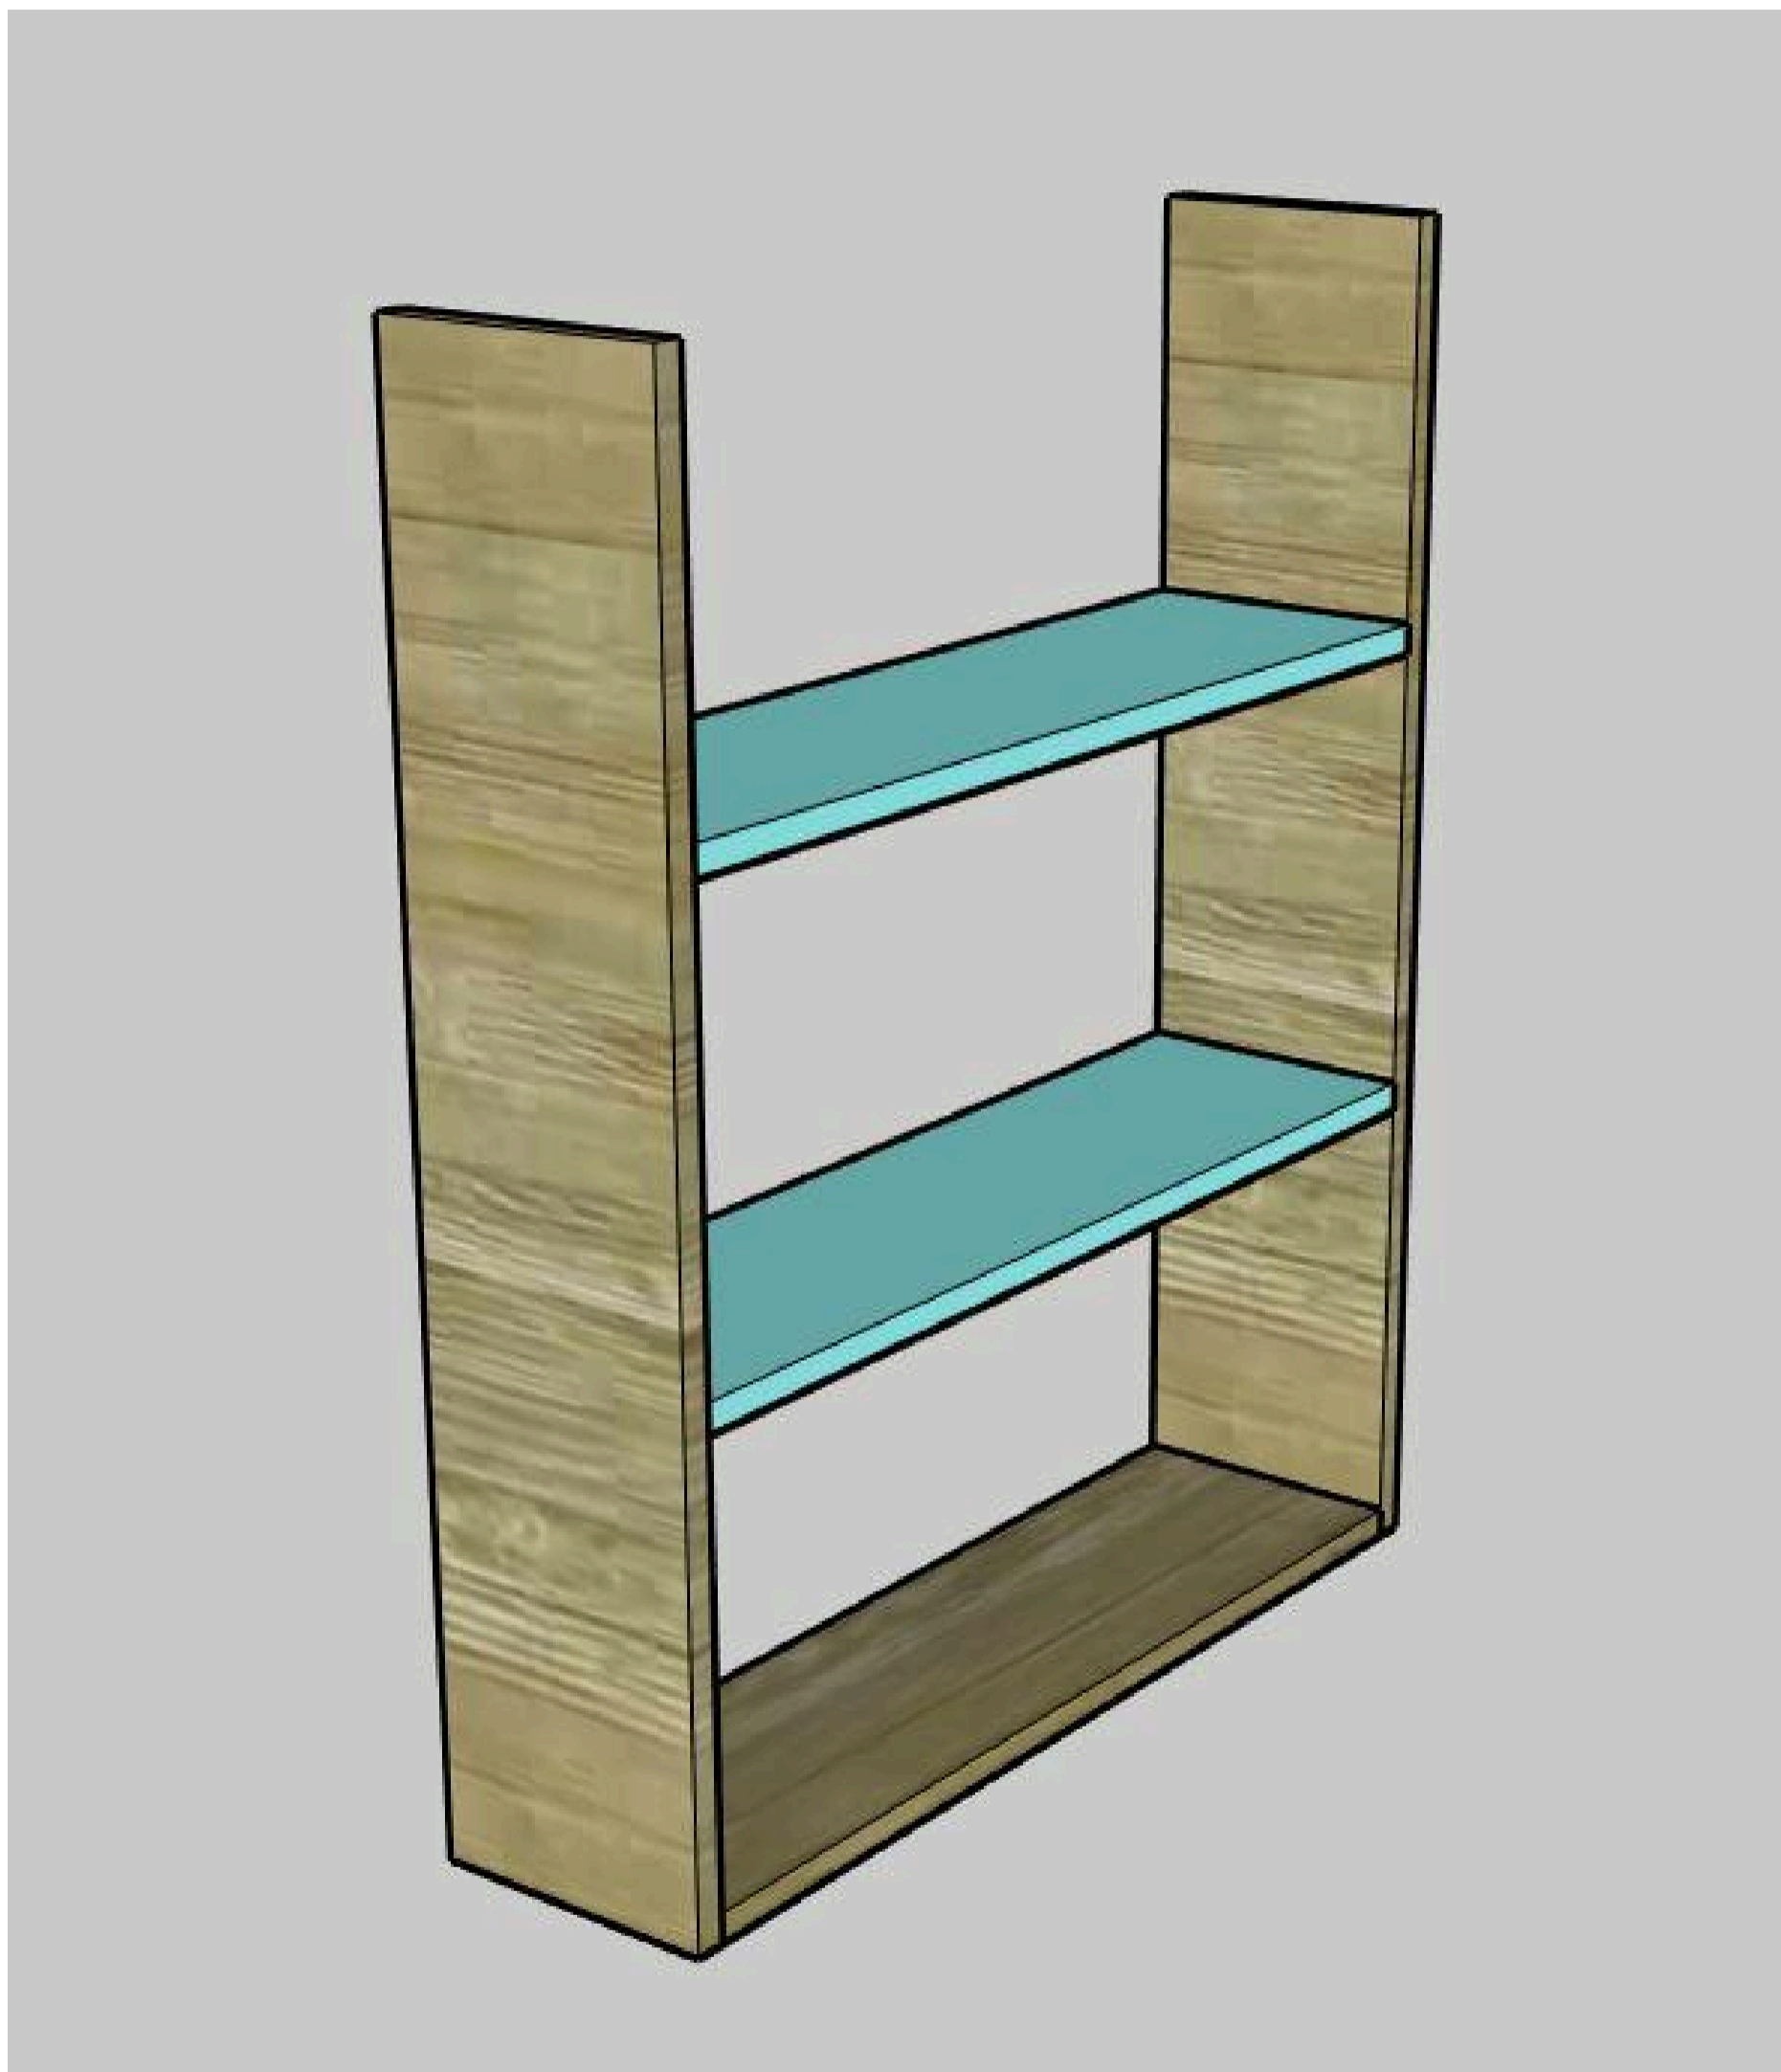

Drill pocket holes in the short ends of each of the shelves. Attach one shelf to the ends of the front and back flush with the bottom edge.

2

## Attach Shelves

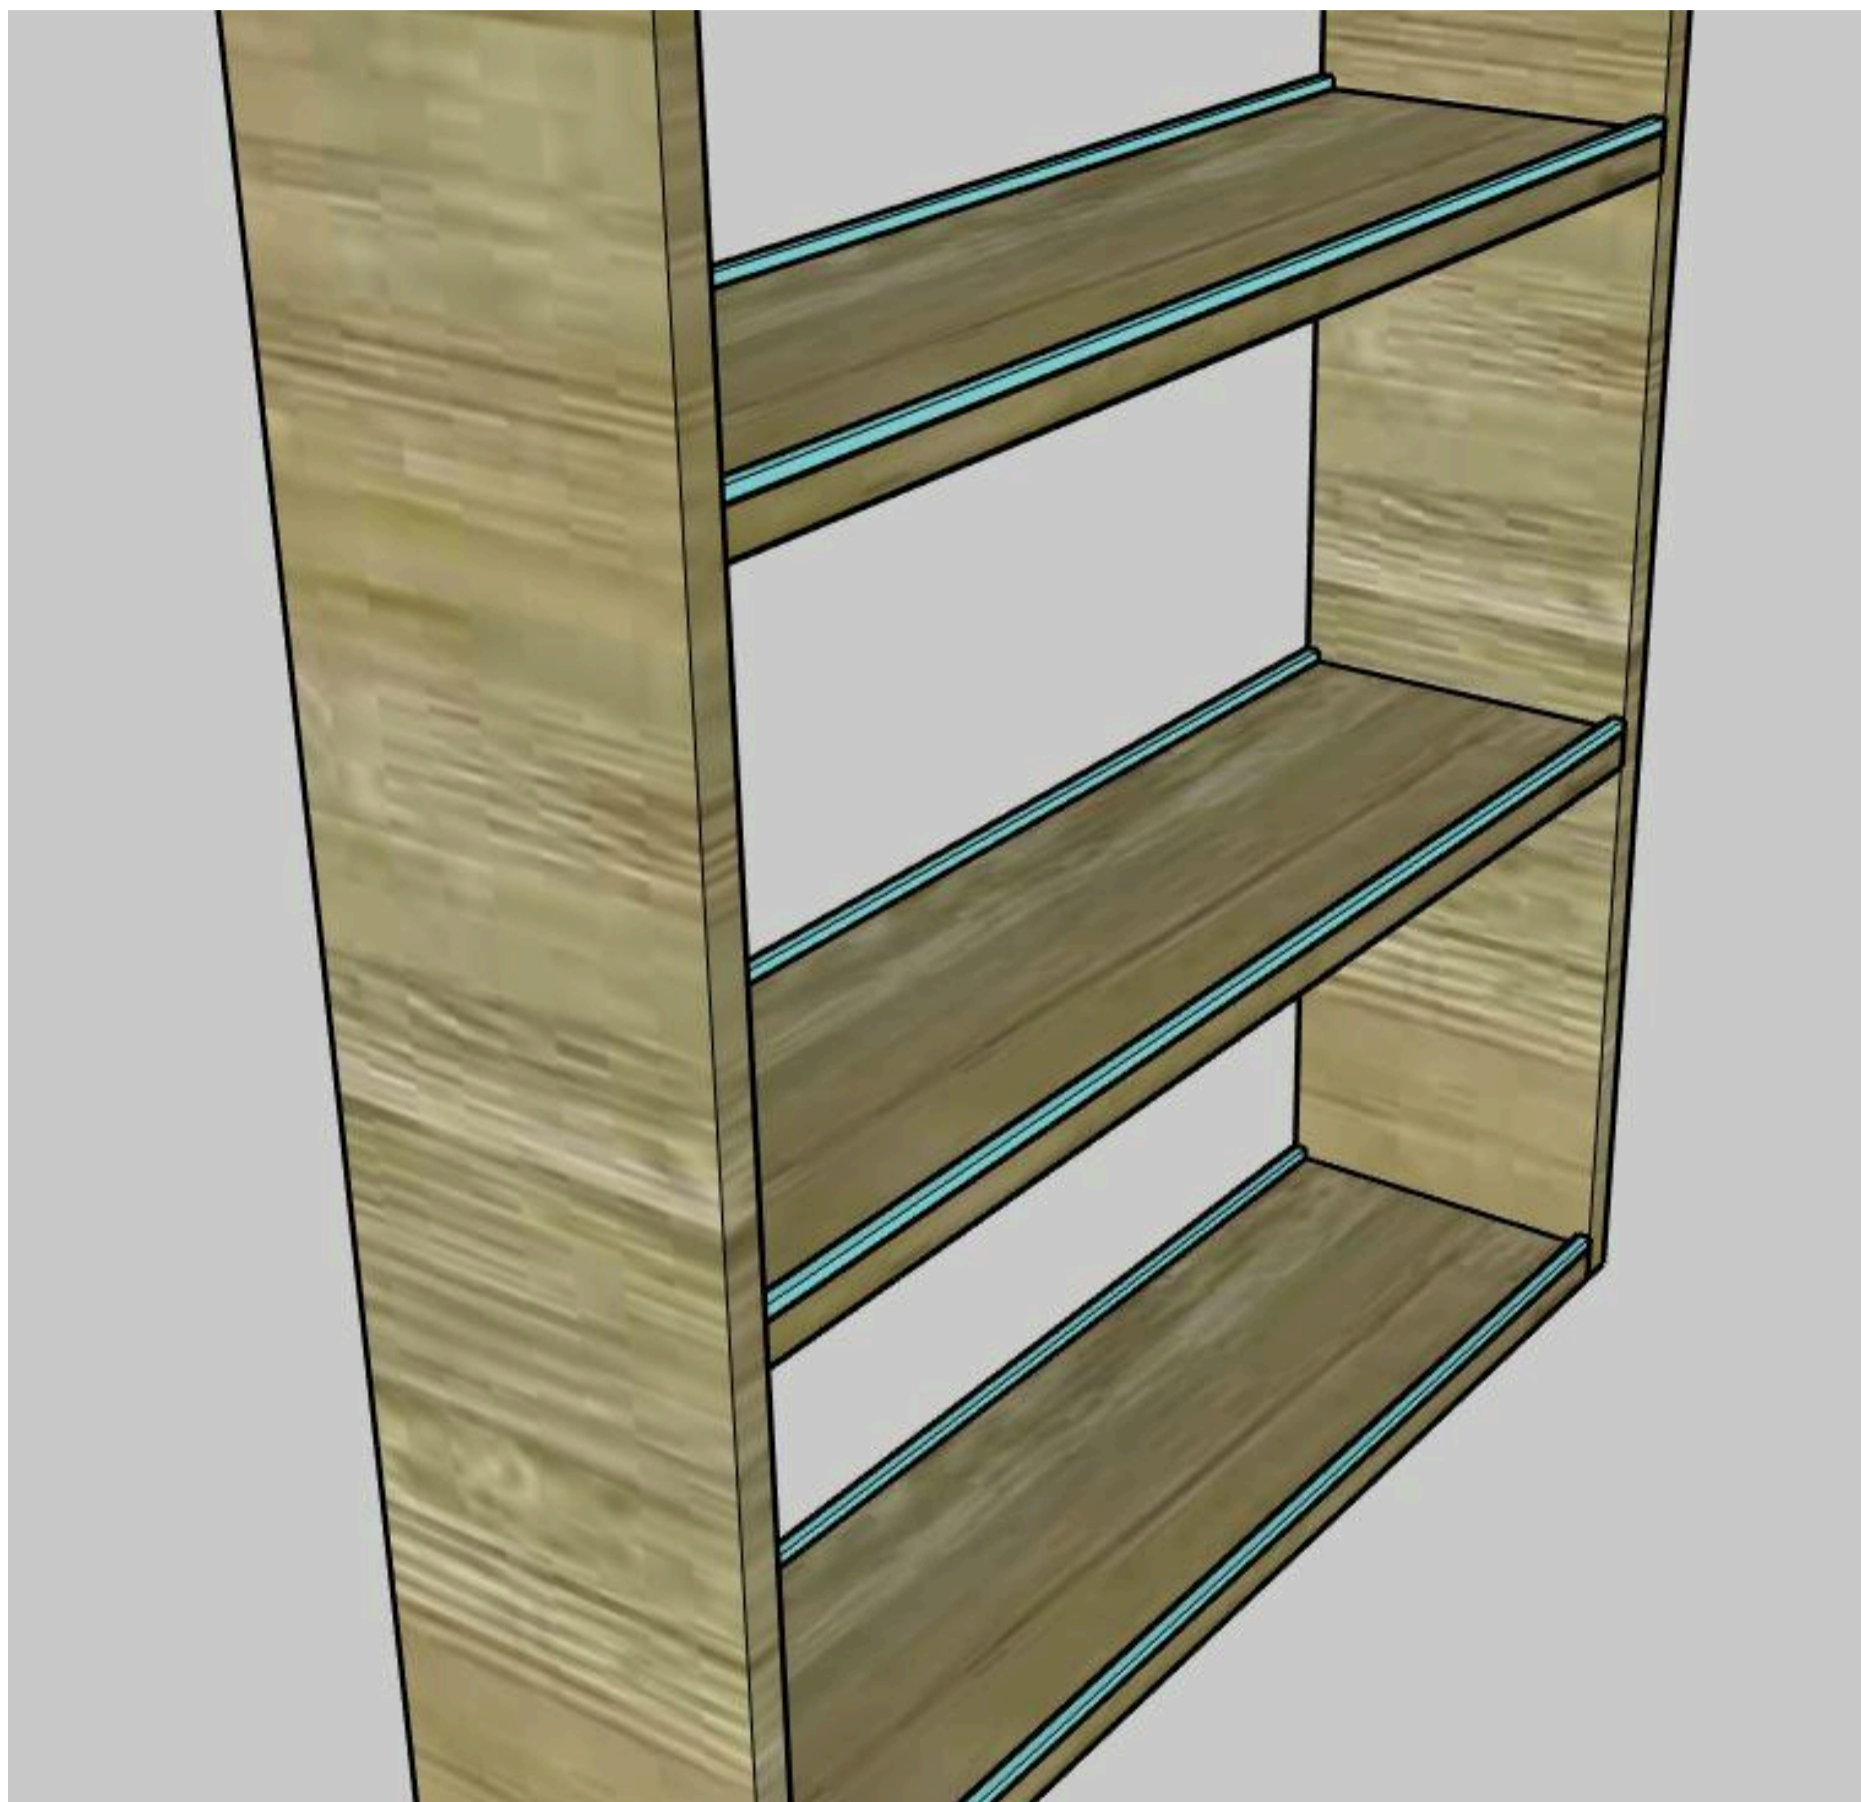

Attach the other two shelves the same way with 11" of space in between.

3

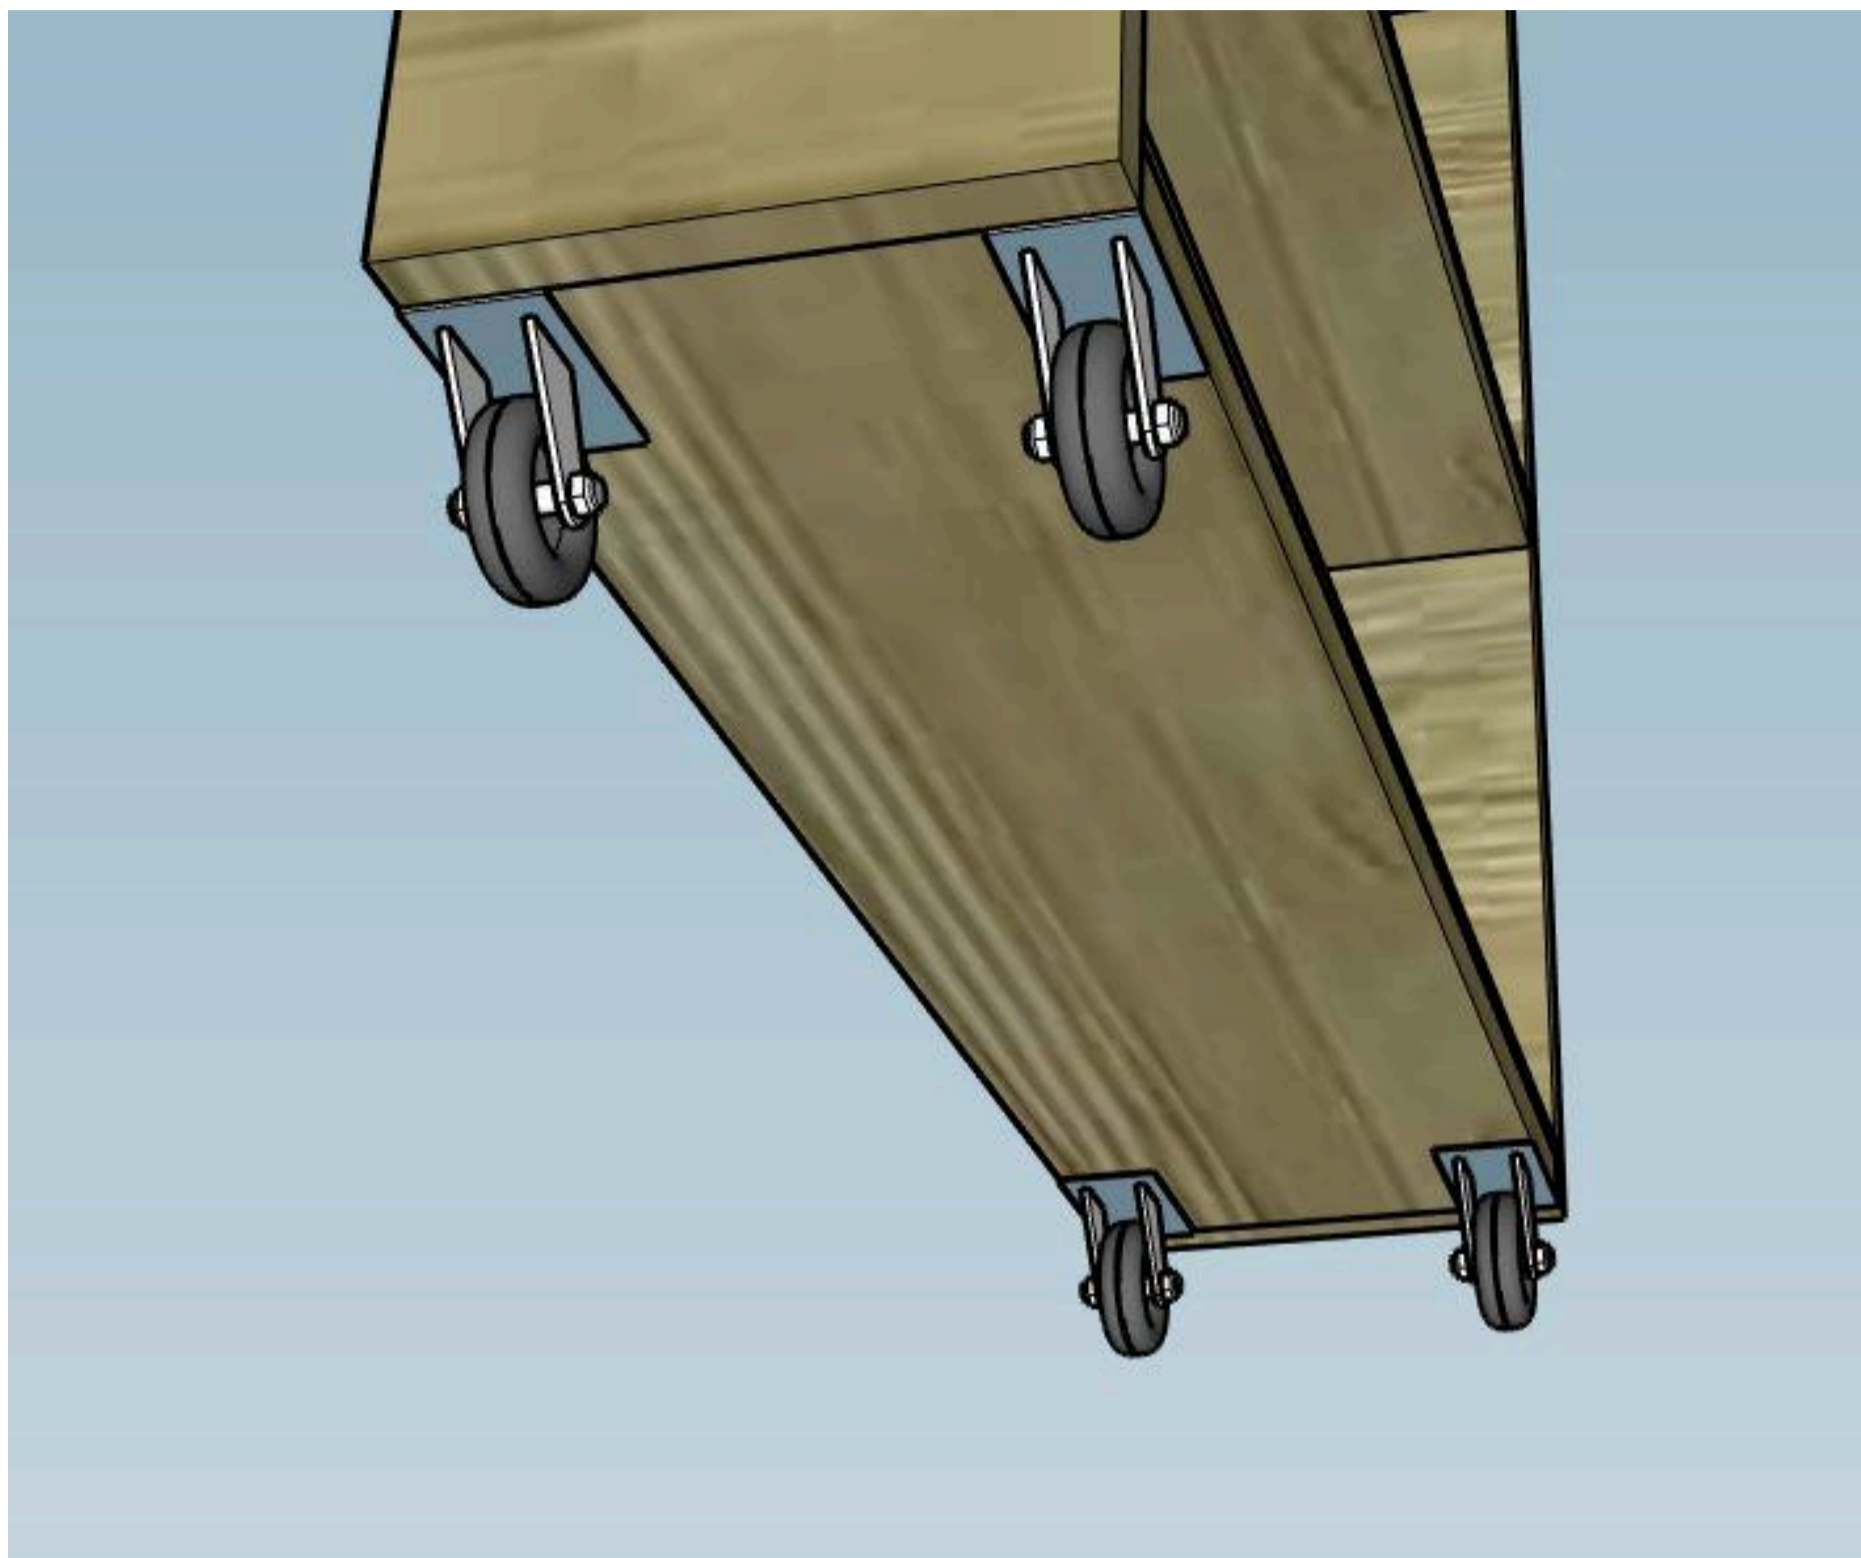

### Attach Trim

Attach the trim pieces on the outside edge of the top of each shelf using wood glue and clamps.

**4****Attach Casters**

Attach the casters onto the underside of the bottom shelf. We attached ours to the end.

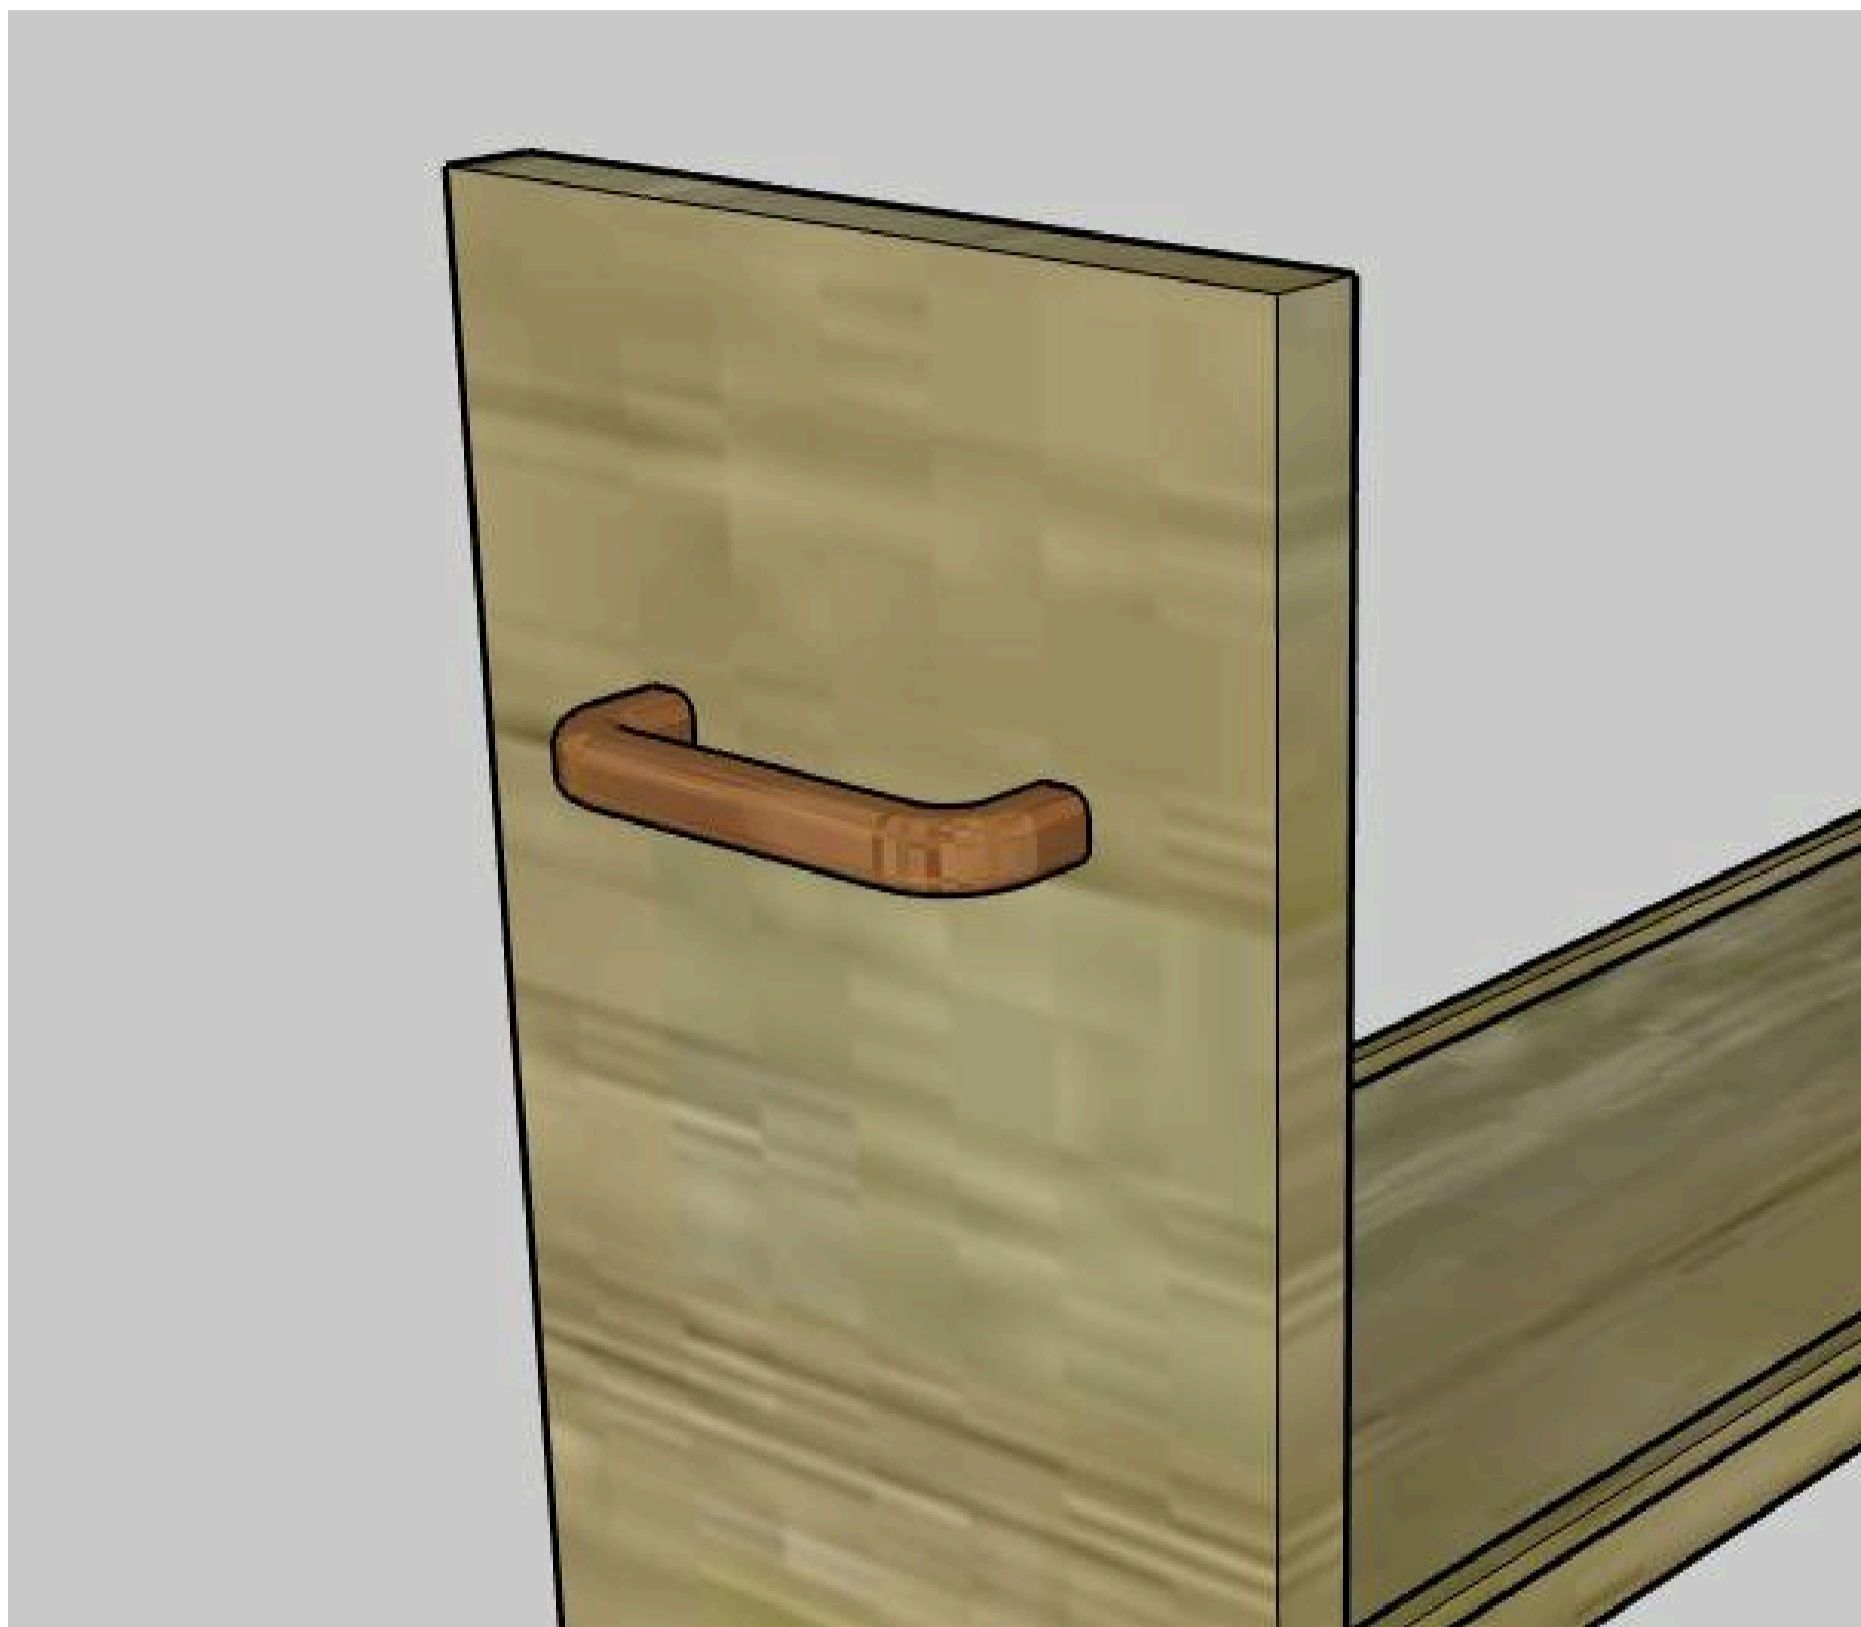

5

### Attach Handle

Attach the handle approximately 5" down from the top of the front.
