7   Board , 2x2 , 72"

Hardware & Supplies

1   2 1/2" Pocket Hole Screws

Cut List & Parts

**4**   2x2s , 48 1/4"

12   2x2s , 13 1/2"
Directions

1 **Assemble Base Side**

Begin assembling the base by attaching the (48 1/4") 2x2s to the (13 1/2") 2x2s using a Kreg Jig on a 1 1/2" setting, with 2 1/2" pocket hole screws to attach along with wood glue.

48 1/4"

13 1/2"

2 **Add Base Side Stretchers**

Attach the two middle (13 1/2") 2x2 to the assembled side using a Kreg Jig on a 1 1/2" setting, with 2 1/2" pocket hole screws to attach along with wood glue and repeat both steps to create two bench base sides.

3 Attach Base Sides

Attach the two assembled base sides together with the four remaining (13 1/2") 2x2s using a Kreg Jig on a 1 1/2" setting, with 2 1/2" pocket hole screws to attach along with wood glue.

13 1/2"

4 Attach Leather Top

Check out the link in the Extras tab for leather top upholstery instructions and video

Attach Leather top of your choice to the assembled base using 2" Wood Screws.
