

Kids Tool Box

By **Jen Woodhouse**

Difficulty

Easy

This kid's tool box is perfectly sized for your little one to tote around. My son received a play tool set for Christmas so I built him his very own tool box to keep his tools in. He loves it and has not stopped carrying it around. This is a very simple project that you can build with scrap wood!

Tools

Other Tools

- Circular Saw (cordless)
- Jigsaw
- Miter Saw
- Square
- Tape Measure
- Spade or Forstner Drill Bit
- Drill (cordless)
- Nail Gun
- Stapler
- Sander

Materials

Wood Products

- 1 Board , 1x6 , 24"
- 1 Plywood , 1/4" Thick , 10-1/2" X 5-1/2"
- 1 Dowel , 3/4" Diameter , 12"
- 1 Board , 1x4 , 24"

Hardware & Supplies

- 1 1-1/4" Brad Nails
- 1 Wood Glue
- 1 3/4" Staples Or Brad Nails

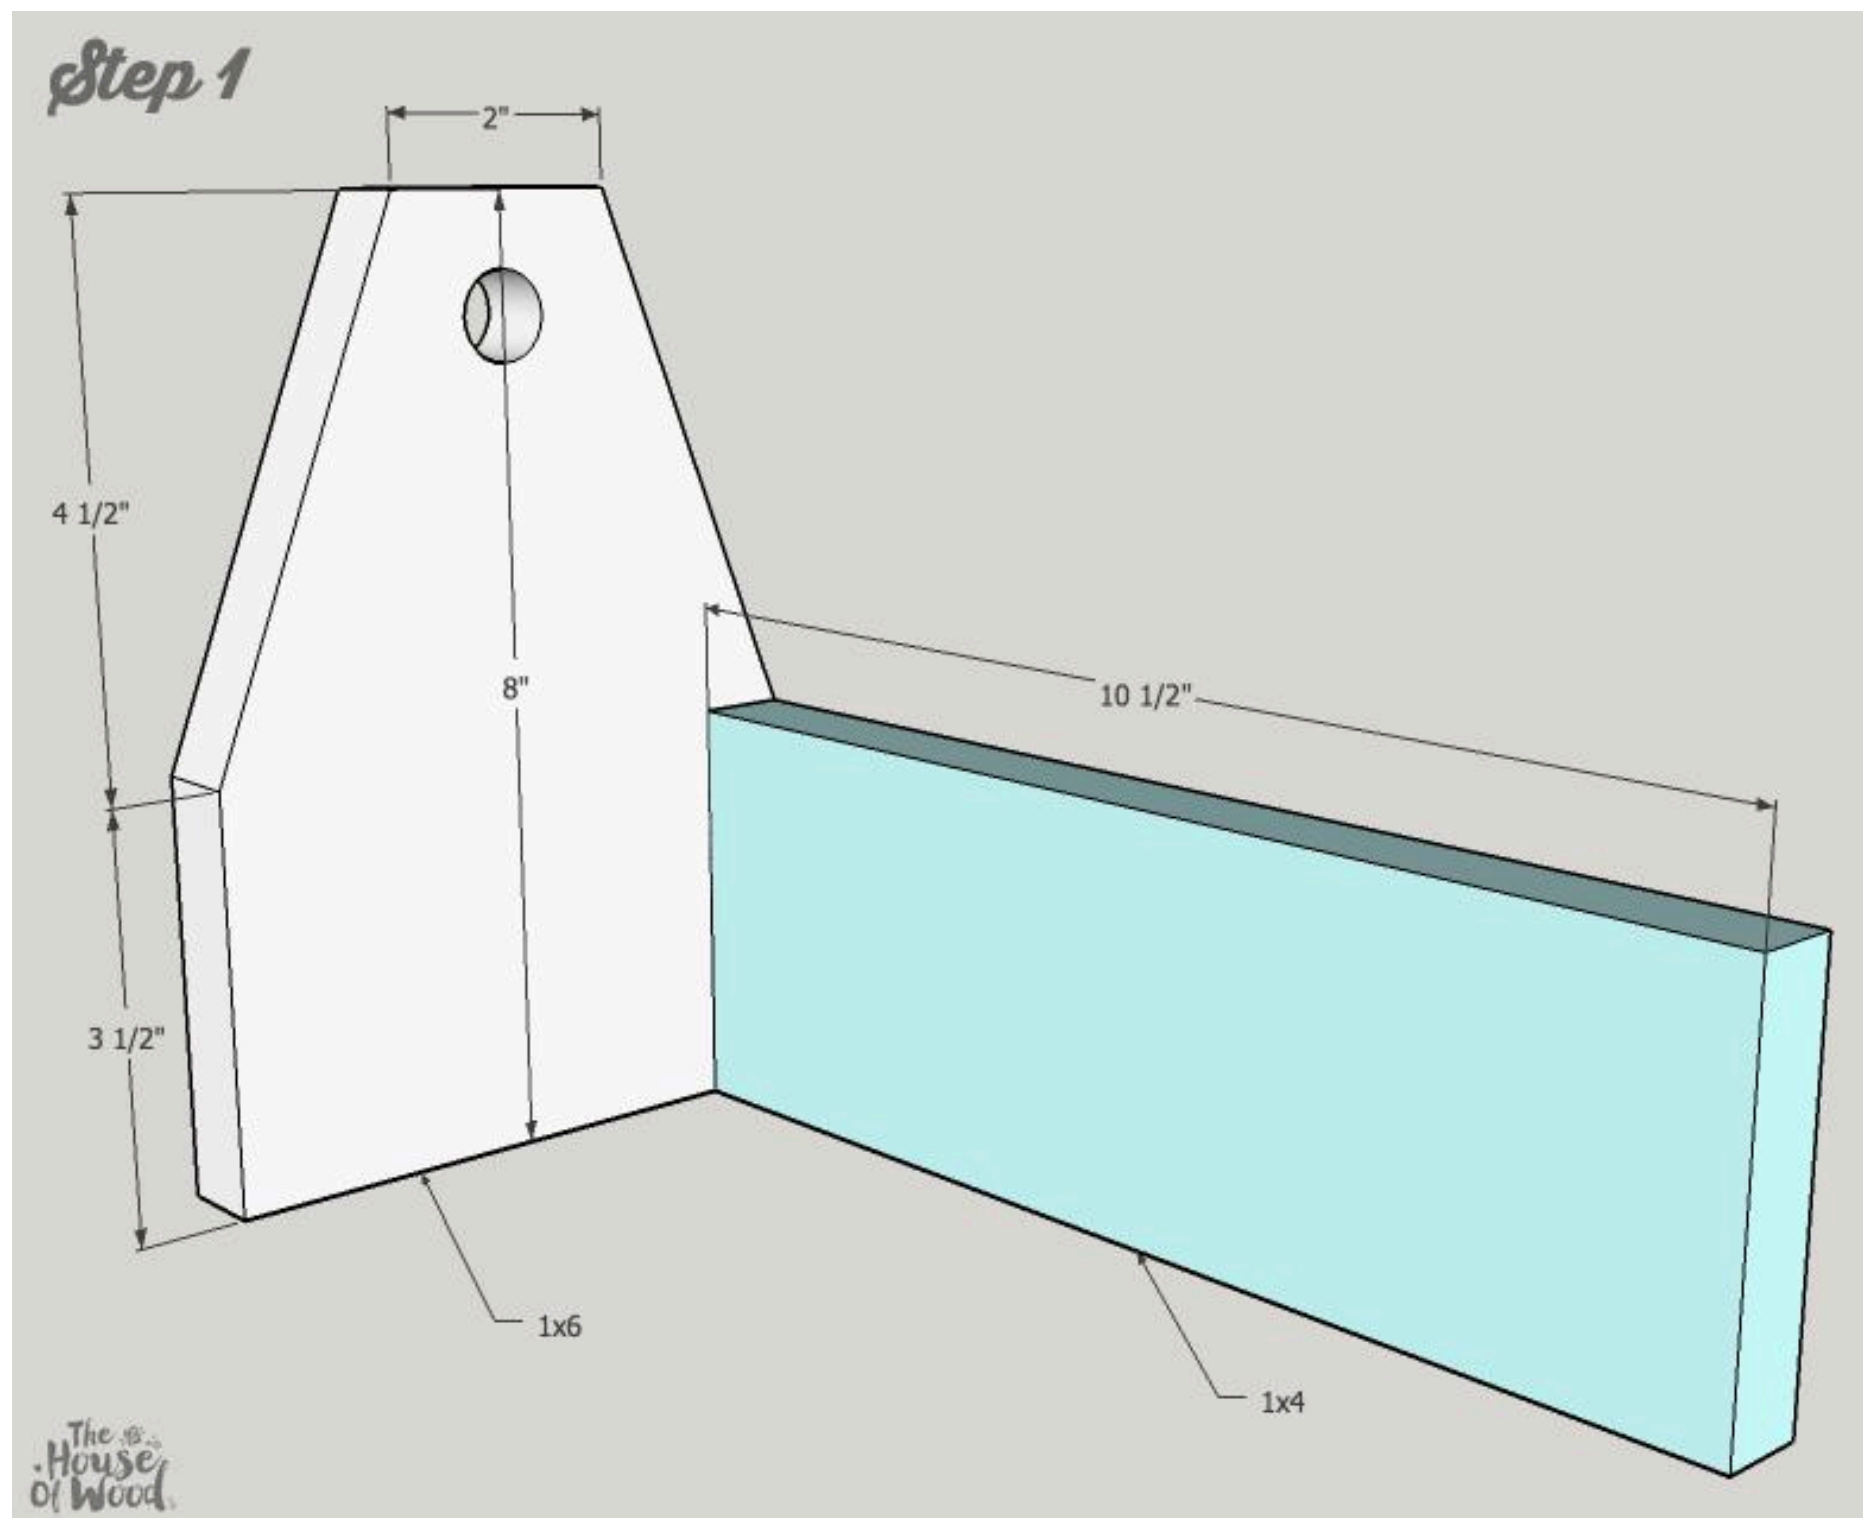

Cut List & Parts

- 1 Bottom , 1/4" X 12" X 5-1/2"
- 2 Sides , 3/4" X 3-1/2" X 10-1/2"
- 2 Ends , 3/4" X 5-1/2" X 8"
- 1 Dowel , 3/4" X 12"

Directions

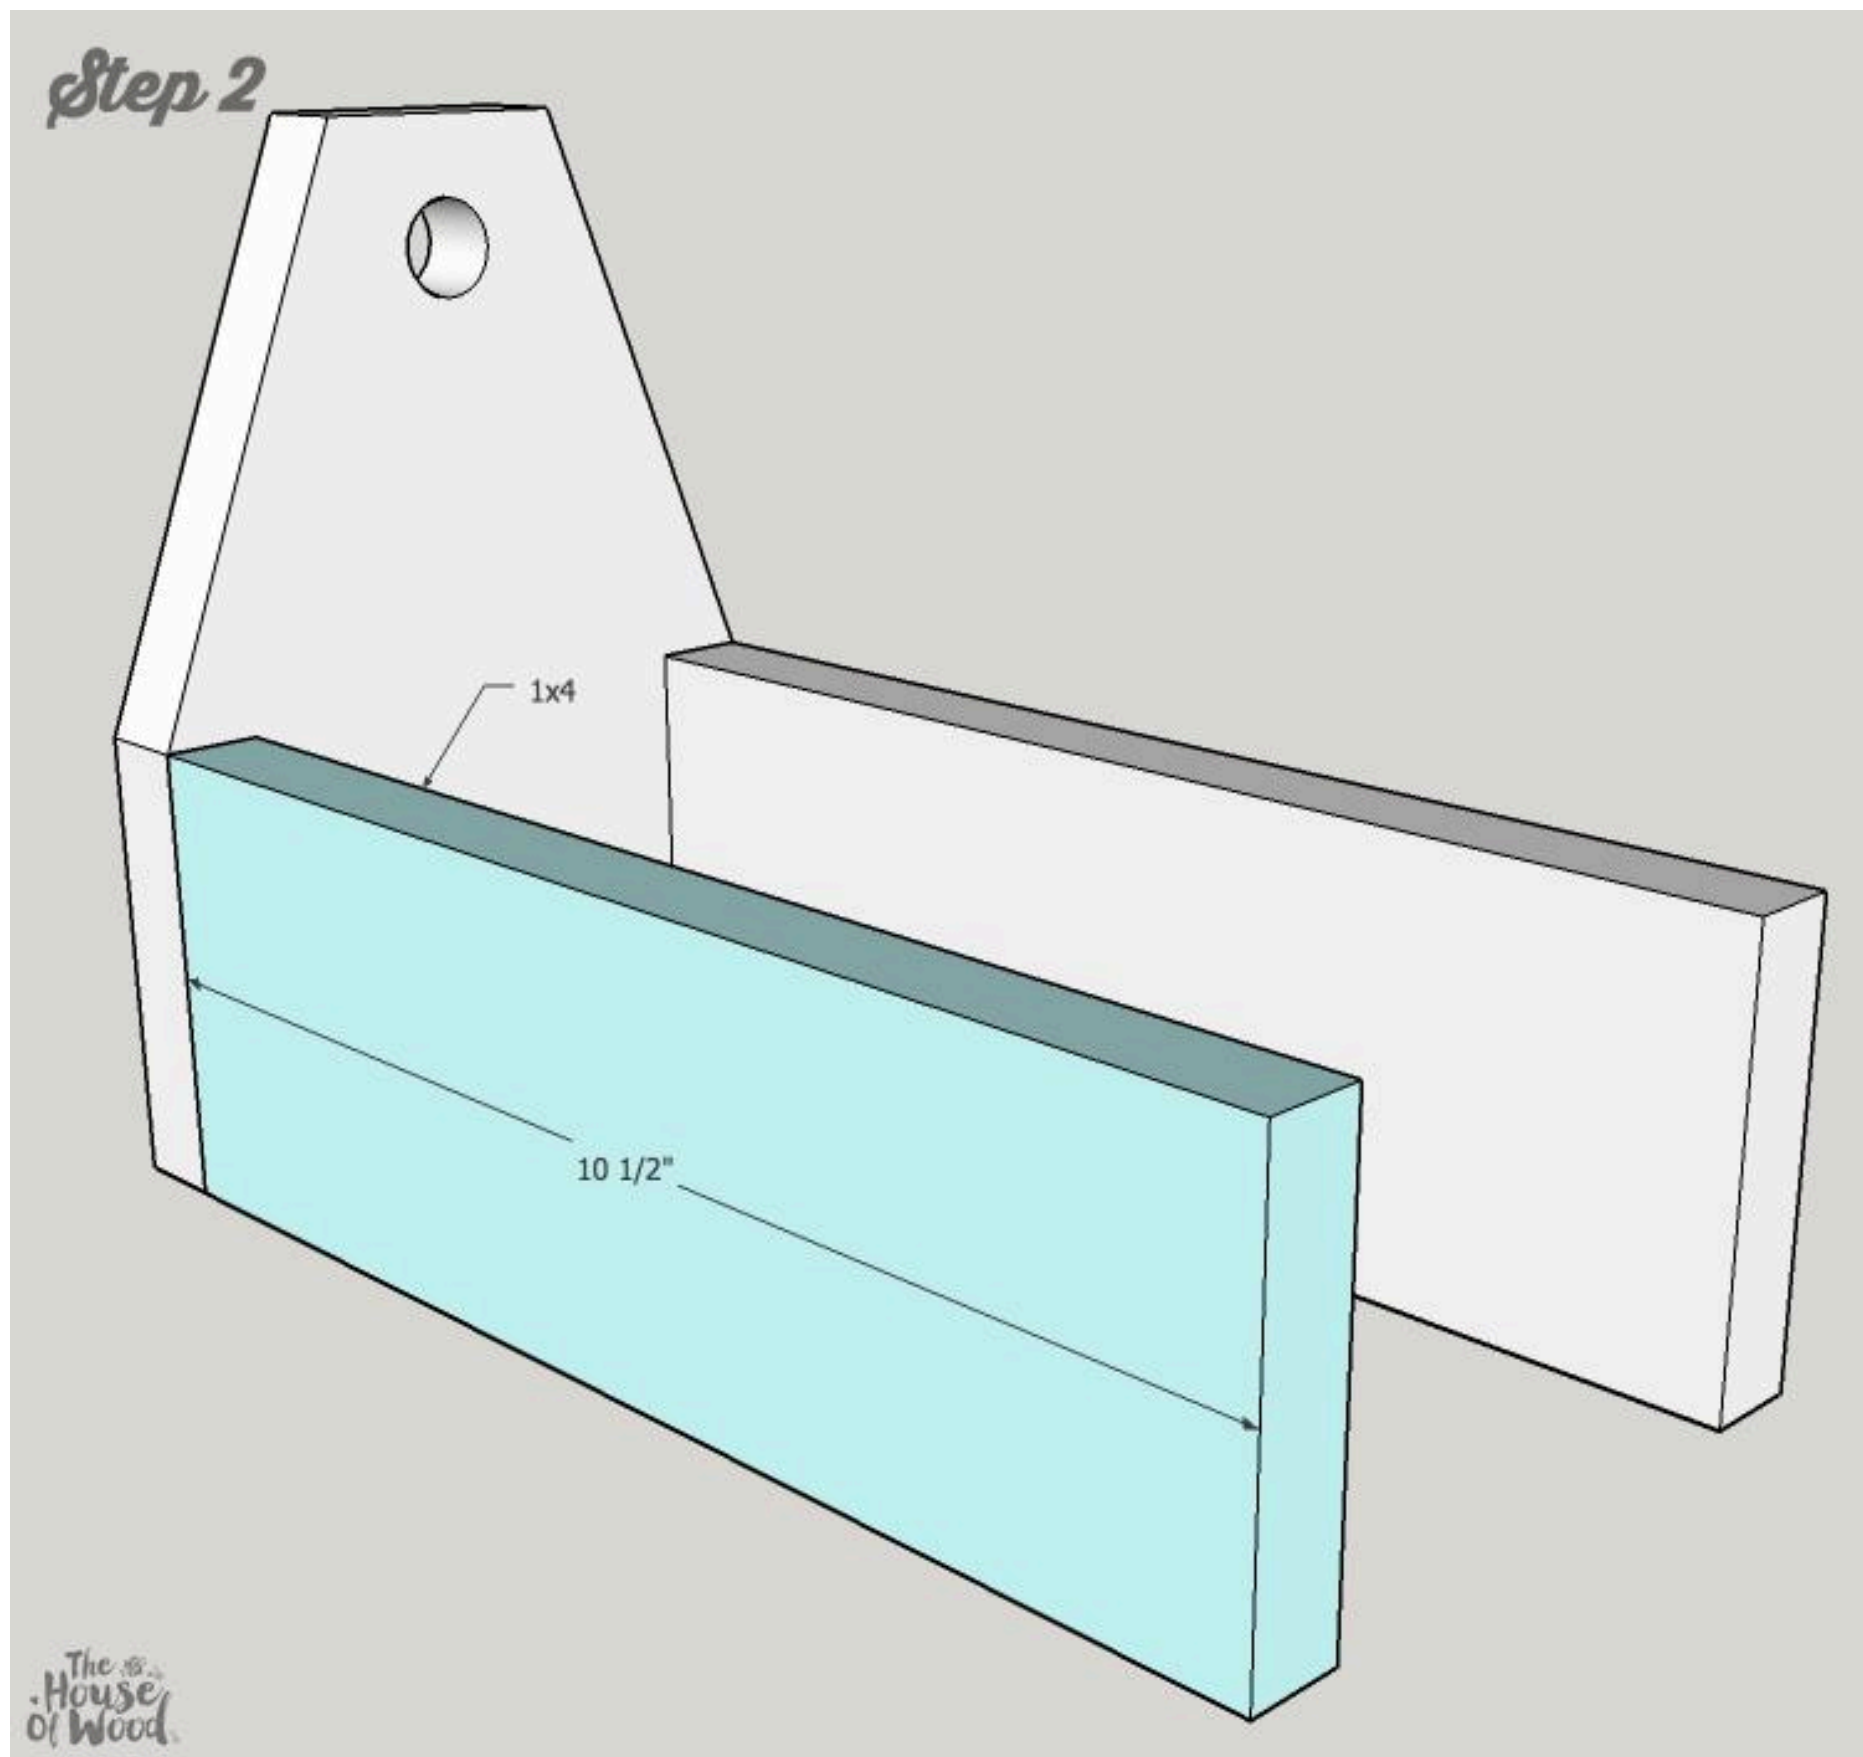

1**Cut and Attach One Side**

Cut two 1x6s as shown, clamp the two boards together and use a 3/4" spade or forstner drill bit to drill the hole for the dowel. Then attach one 1x4 side to one 1x6 end with 1-1/4" brad nails and wood glue.

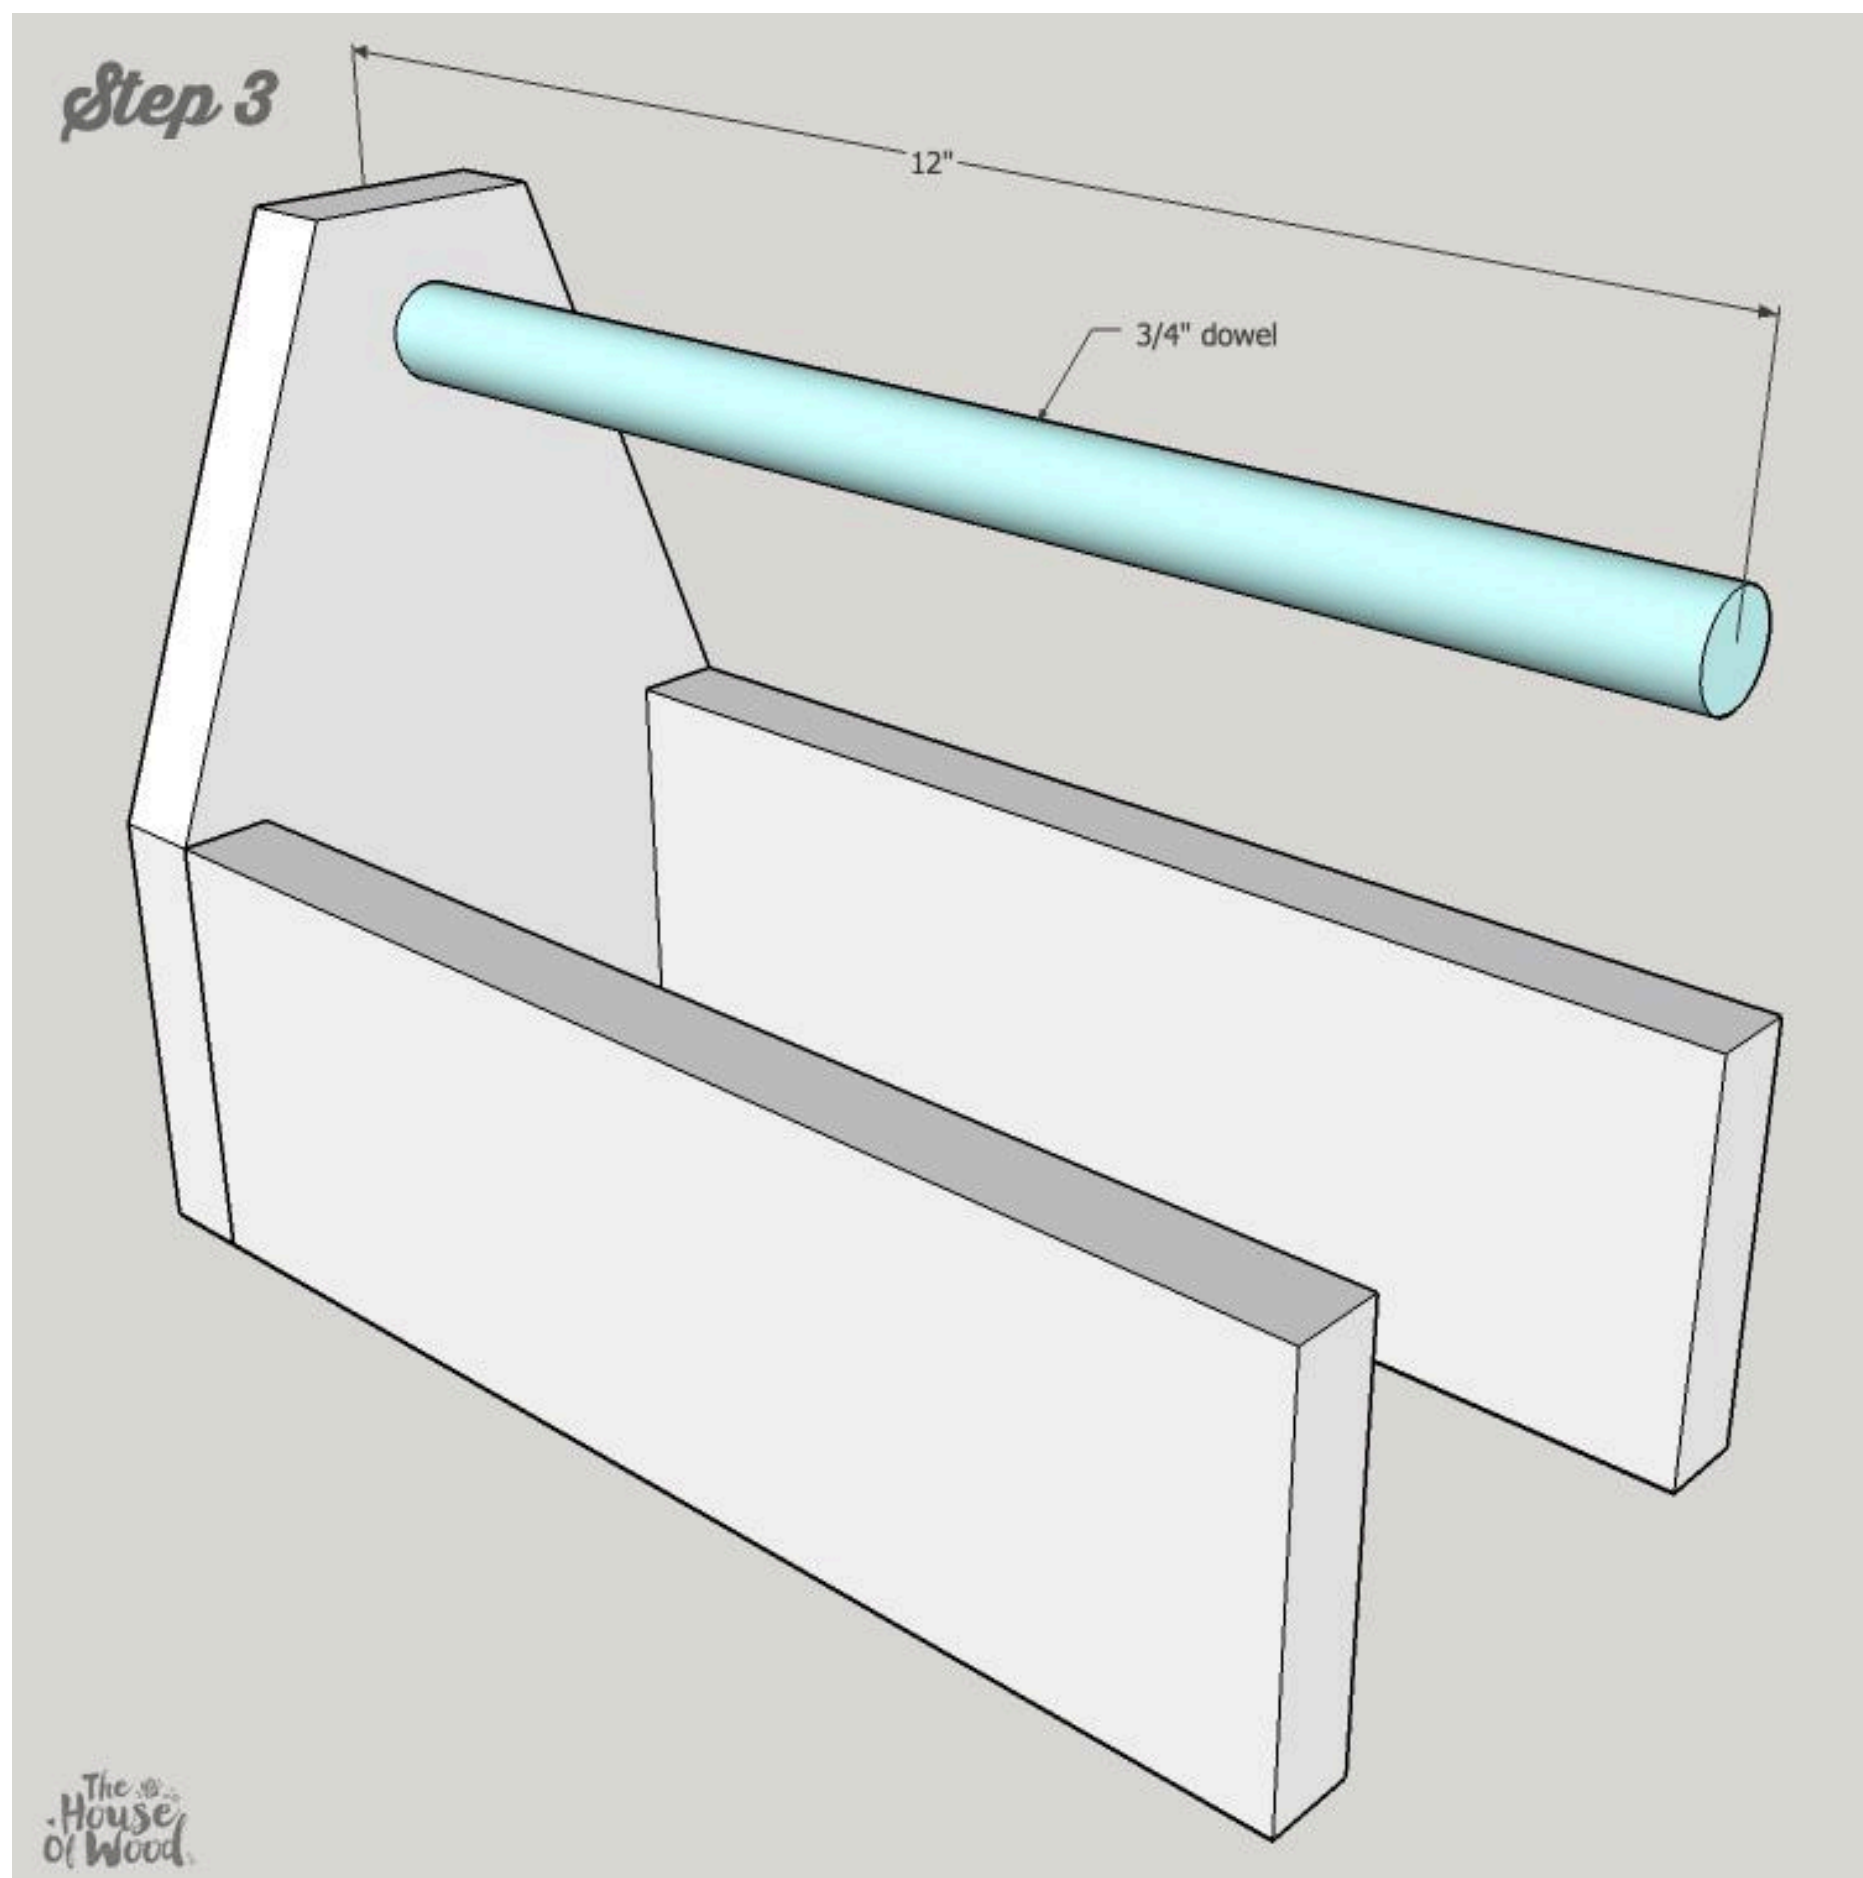

2**Attach Other Side**

Attach the other side to one 1x6 end with 1-1/4" brad nails and wood glue.

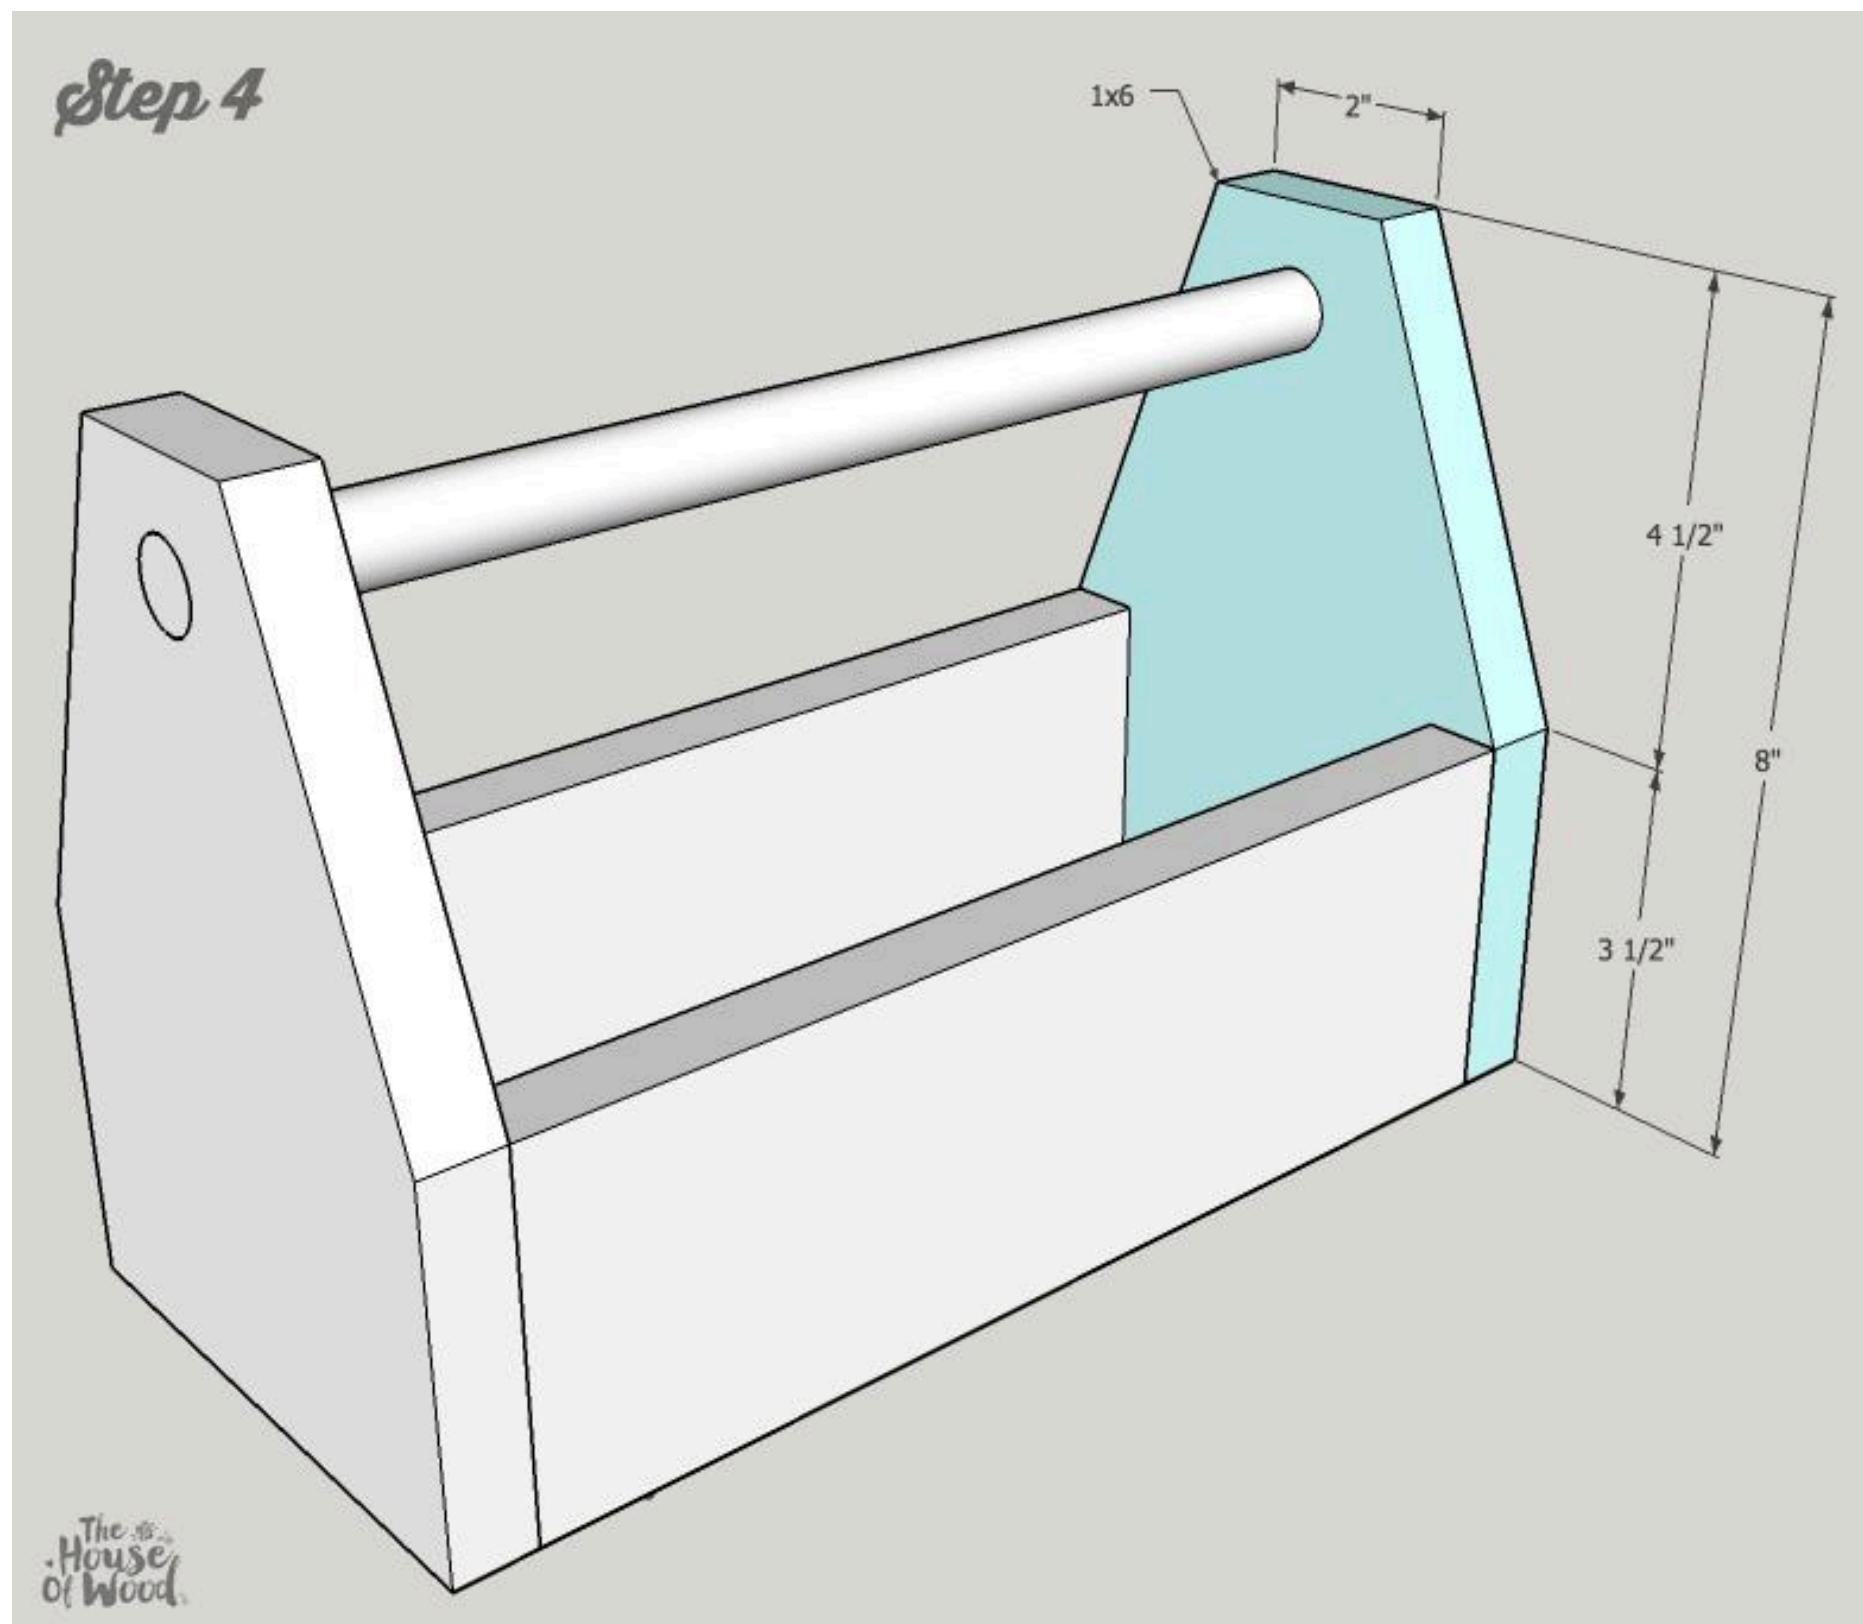

3**Insert Dowel**

Squeeze some wood glue in the dowel hole and insert the 3/4" dowel, using a mallet to hammer it into place.

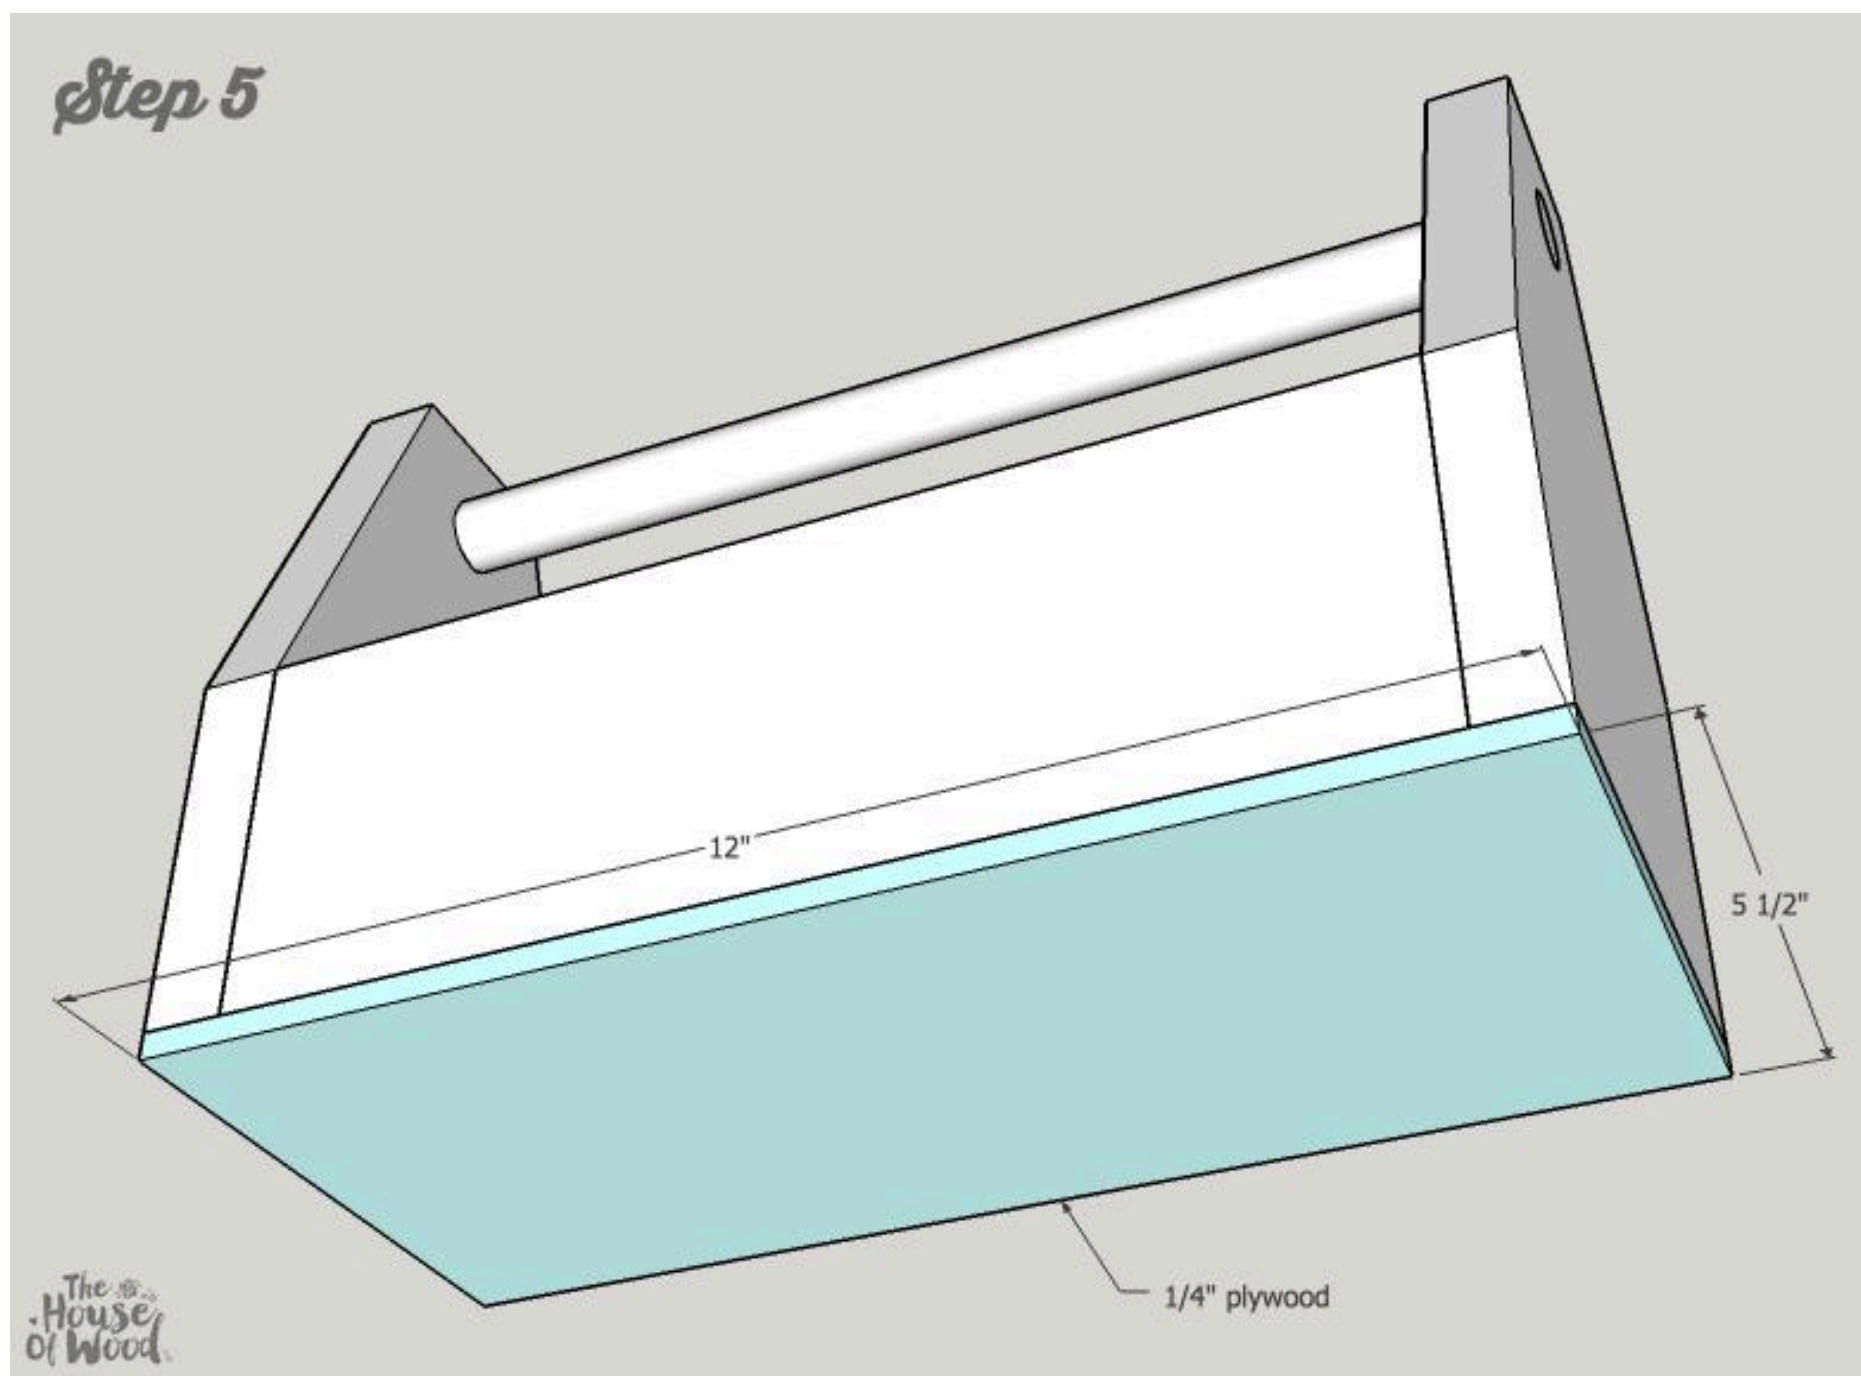

4**Attach Other End**

Squeeze some wood glue into the dowel hole and use a mallet to hammer the dowel into place. Then use 1-1/4" brad nails and wood glue to attach the other 1x6 end.

5**Attach Bottom**

Attach the 1/4" plywood bottom with 3/4" staples or brad nails and wood glue.
