

# Rolling Printer Cart

By **Girl, Just DIY**

Difficulty

Easy

Build this compact Rolling Printer Cart to store your printer under your desk or table. The two shelves in the cart are perfect for storing printer paper, card stock, labels, and envelopes.

# Tools

## Kreg Tools

[Kreg® Pocket-Hole Jig 720](#)

## Other Tools

Square

Table Saw

Tape Measure

Clamps

Drill (cordless)

Sander

# Materials

## Wood Products

**1** Plywood , 3/4" Thick , Half Sheet

## Hardware & Supplies

**22** Course Thread 1-1/4" Pocket-Hole Screws

**16** #6 5/8" Wood Screws

**7** #6 1-1/4" Wood Screws

**4** 1.5" Casters

# Cut List & Parts

- 1 Top, 19" X 14-1/2"
- 1 Bottom, 19" X 14-1/2"
- 1 Back, 17-1/2" X 9"
- 1 Shelf, 17-1/2" X 13-3/4"
- 2 Sides, 14-1/2" X 9"

# Directions

**1**

## Cutting and Prepping Components

(1) Review all steps before assembly. (2) Cut all components for the Rolling Printer Cart according to the Cut List. (3) Using the Kreg Pocket-Hole Jig pre-drill all pocket holes as illustrated in the steps. Note: The top and bottom pieces have NO pocket-holes. (4) Pre-paint or stain all pieces before assembly.

**2**

## Attach Back to Top

(1) Lay the Top Board on a flat surface. (2) Align the Back Board on top of and even with the back edge of the Top Board with pocket-holes facing in. Leaving 3/4" on either side. (3) Brace the Back and Top Boards using a block behind or a Kreg Right Angle Clamp in the outside hole(s) if you have one. (4) Insert the 1-1/4" Kreg Screws first in the center hole and then the other two keeping the edges flush as you screw. (5) The 4 (four) pocket-holes on the sides will be used in the next step.

**5****Attach Bottom**

(1) Place the Bottom Board over the 3 (three) sides and align the edges. (2) Using a drill bit that's narrower than the threads of the #6 wood screws, pre-drill 3 (three) holes along the left edge to a depth of 1". (Use some painter's tape to mark the depth of the drill bit.) (3) Insert the 1-1/4" wood screws. (4) Continue this process along the back and right edges.
