Cut List & Parts

- 2 Long Table Top Frame , 2x2x40
- 2 Short Table Top Frame , 2x2x10 1/8
- 2 Long Table Base , 2x2x40
- 2 Short Table Base , 2x2x10 1/8
- 1 Table Top , 1x8x40
- 4 Table Legs , 2x2x33

Directions

1**Drill all Kreg holes**

After you have cut your wood according to the cut list, add Kreg holes in both sides of the the two longer table frames, the 2 longer table bases, one side of each of the table legs, and all around the 1" table top.

Then, in the 2 longer sides of the table base, add 3 Kreg screws along each so you can attach the base to the table top using Kreg screws (these holes are not shown in photo).

2**Assemble Table Frame and Table Base**

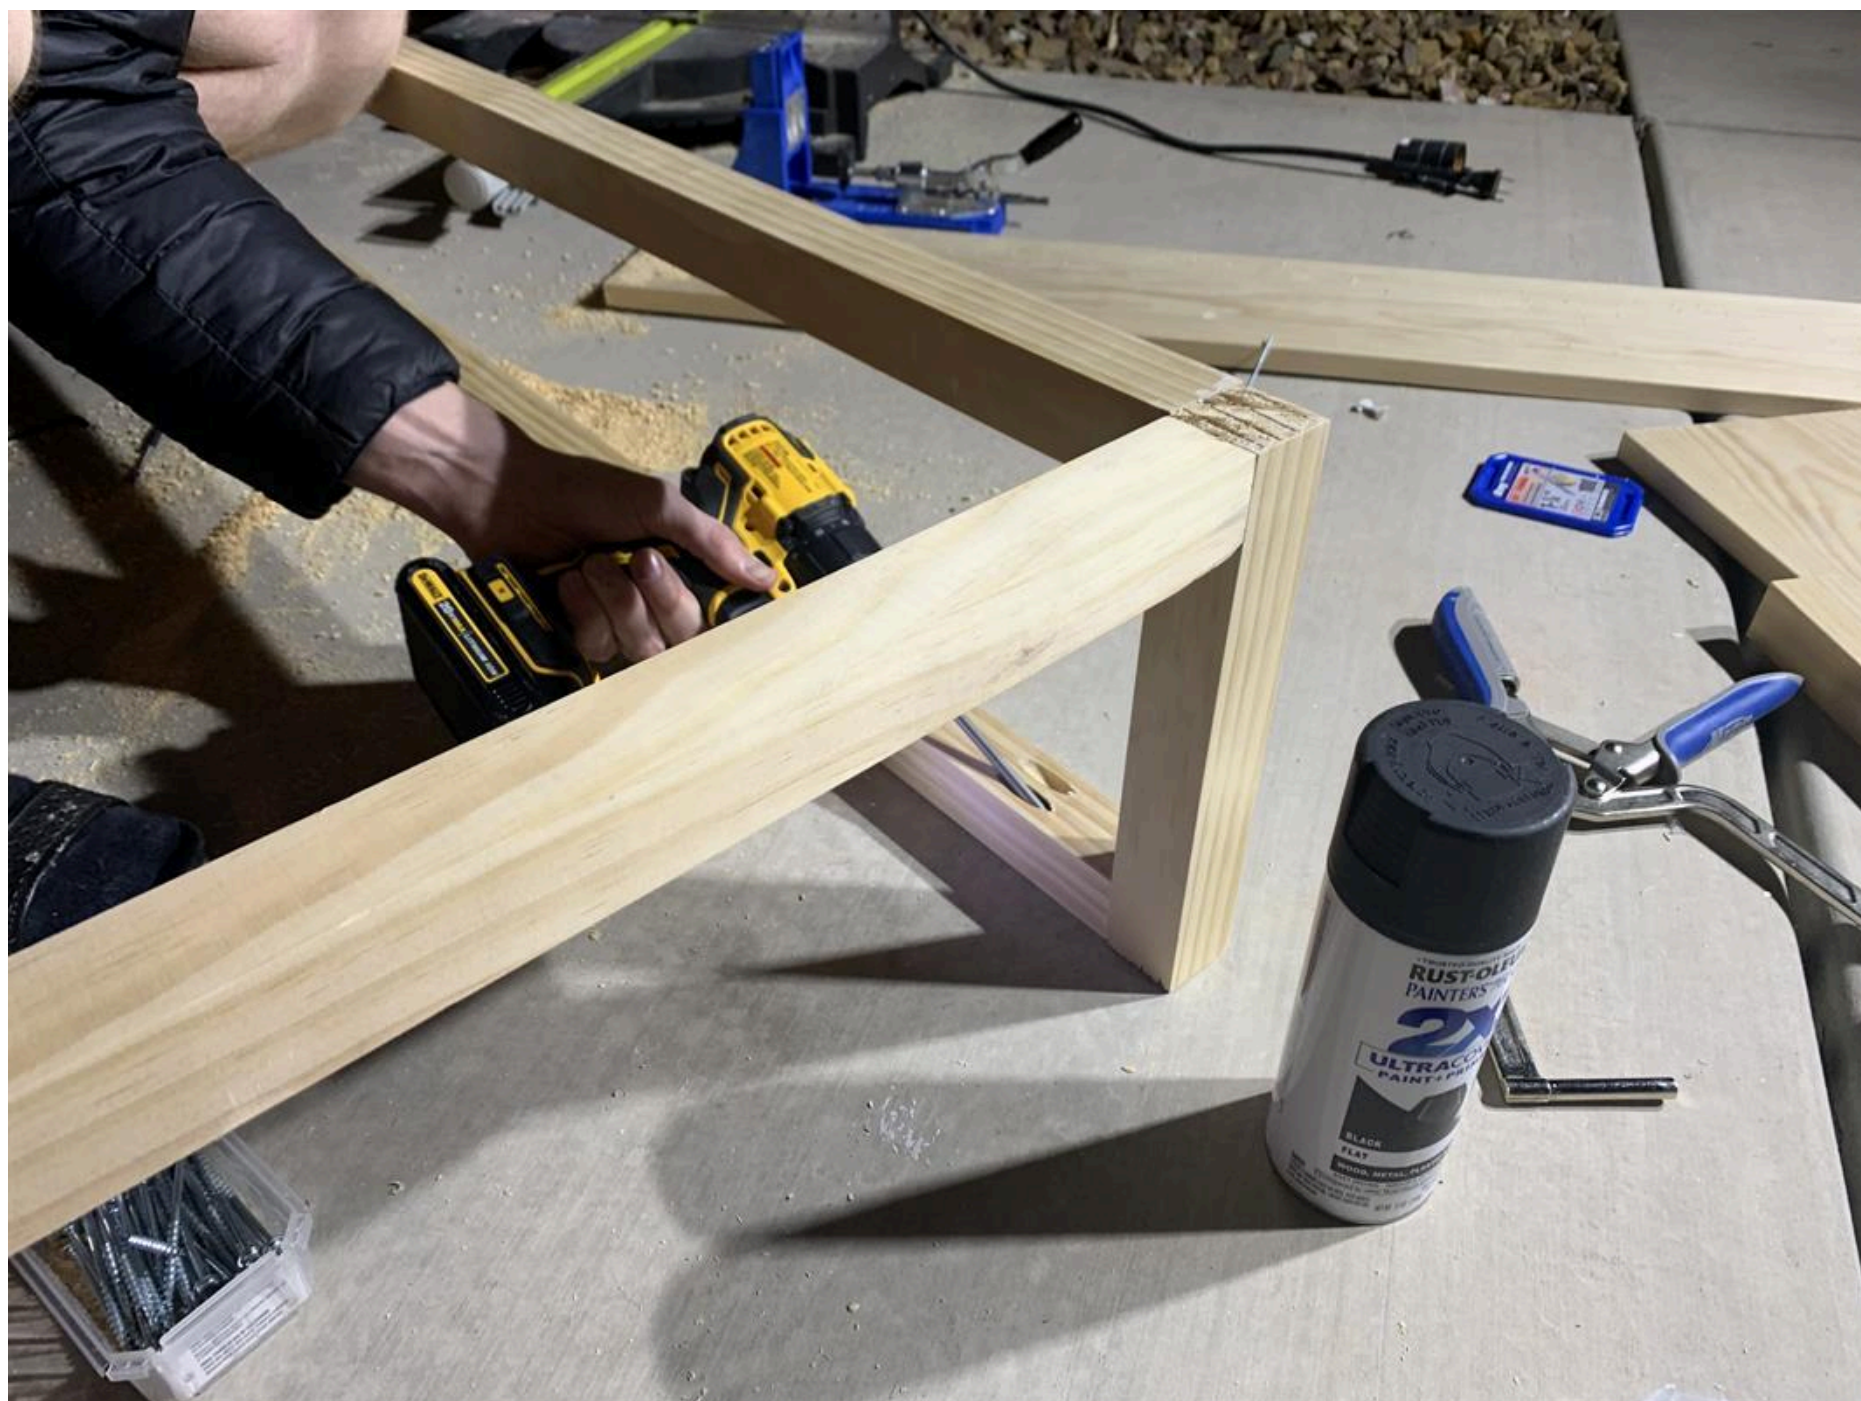

Using 2 1/2" Kreg screws, assemble the frame of the table top and also the table top base. They should be identical.

**3****Attach table top**

Using 1 1/4" screws, attach the table top to one of the two frames you just created. (Paint or stain table top desired color before step 5.)

4**Attach legs to table base**

Using 2 1/2" Kreg screws, attach the legs to the table base. (Paint or stain your desired color before step 5.)

**5****Attach base to table top**

Using 2 1/2" Kreg screws, attach table base to the table top.
