Other Tools

Miter Saw

Tape Measure

Clamps

Drill (cordless)

Sander

Materials

Wood Products

8 Board , 1/2" Thick , 36"

1 Dowel , 3/4" Thick , 12"

Hardware & Supplies

56 1" Kreg Pocket Screws

1 Food Safe Oil Finish

Cut List & Parts

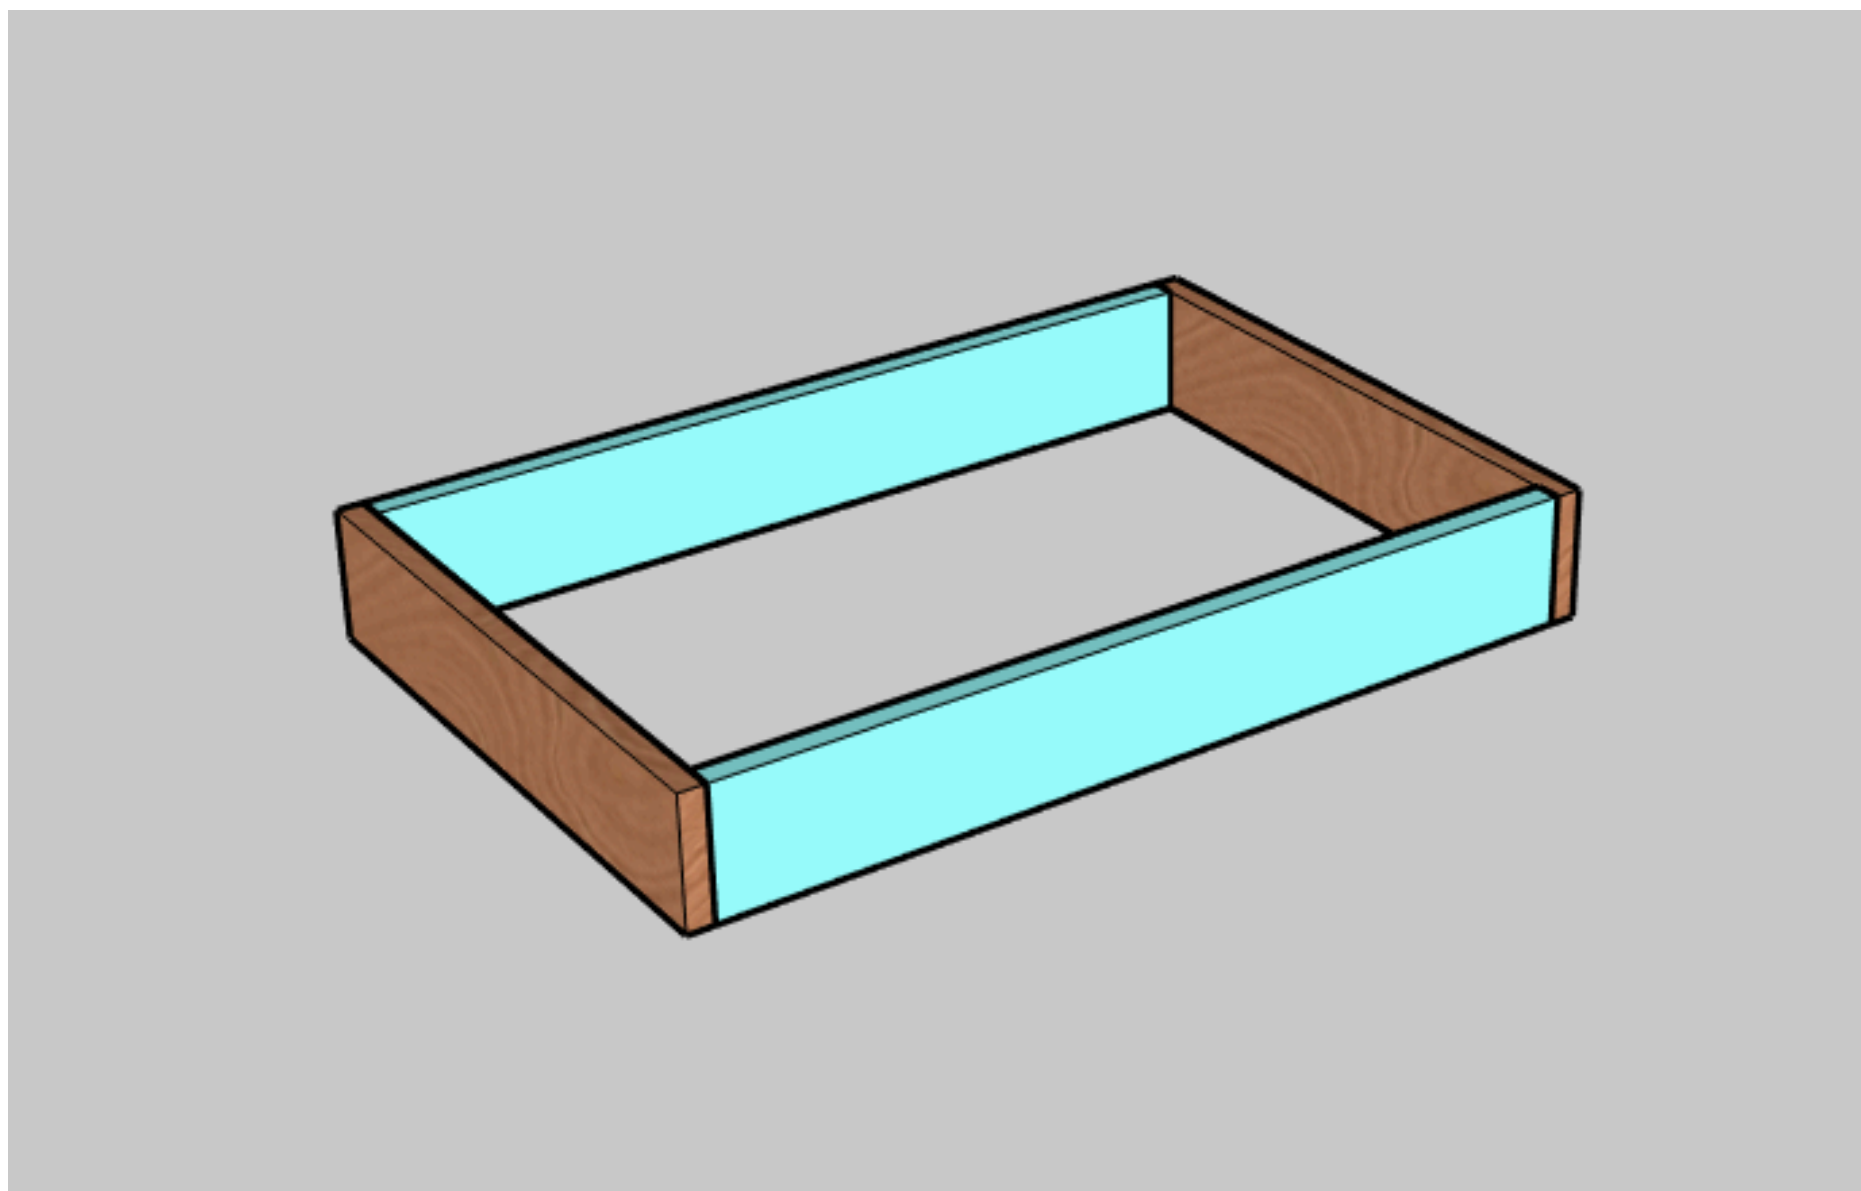

- 4 Fronts/Backs , 1/2"x2.5"x12"
- 4 Sides , 1/2"x2.5"x17"
- 10 Slats , 1/2"x2.5"x11"
- 4 Legs , 1/2"x2.5"x13"
- 8 Dowel Plugs , 3/4"x1"

Directions

1

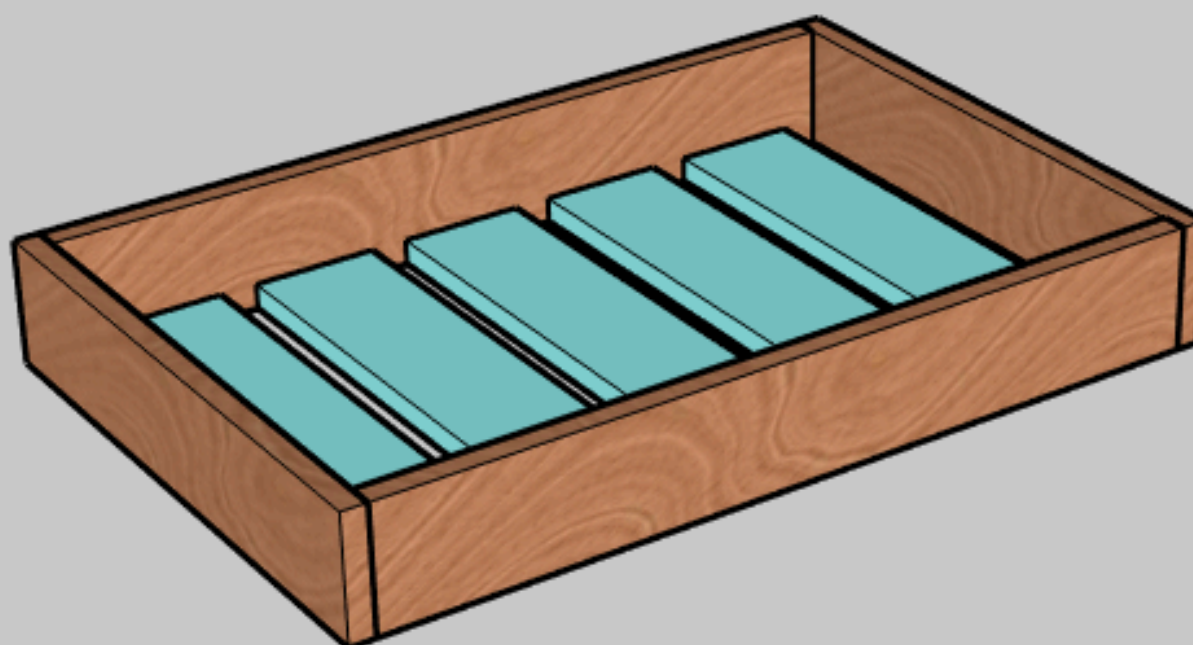

Connect Tray Sides

Drill two pocket holes into both ends of two Sides. Attach flush on the inside edge of two of the Fronts/Backs.

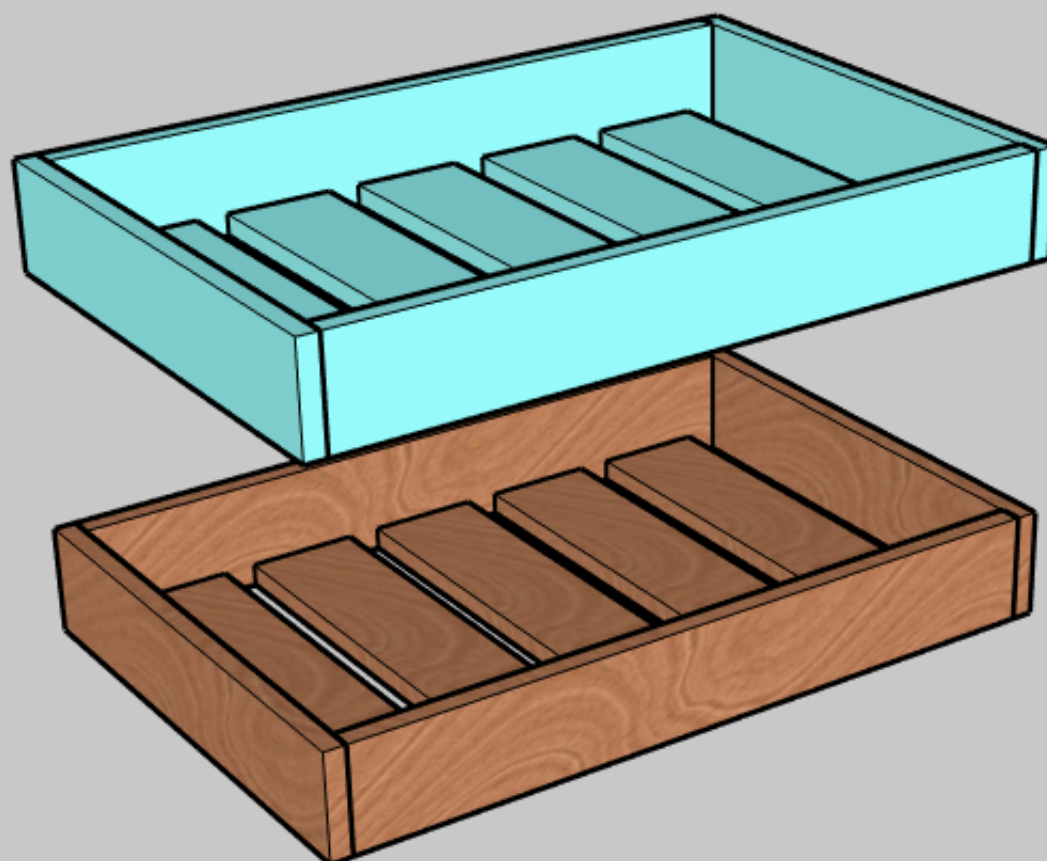

2**Add tray slats**

Drill pocket holes in each end of five Slats. Attach the Slats between the two Sides with a 3/4" gap between each.

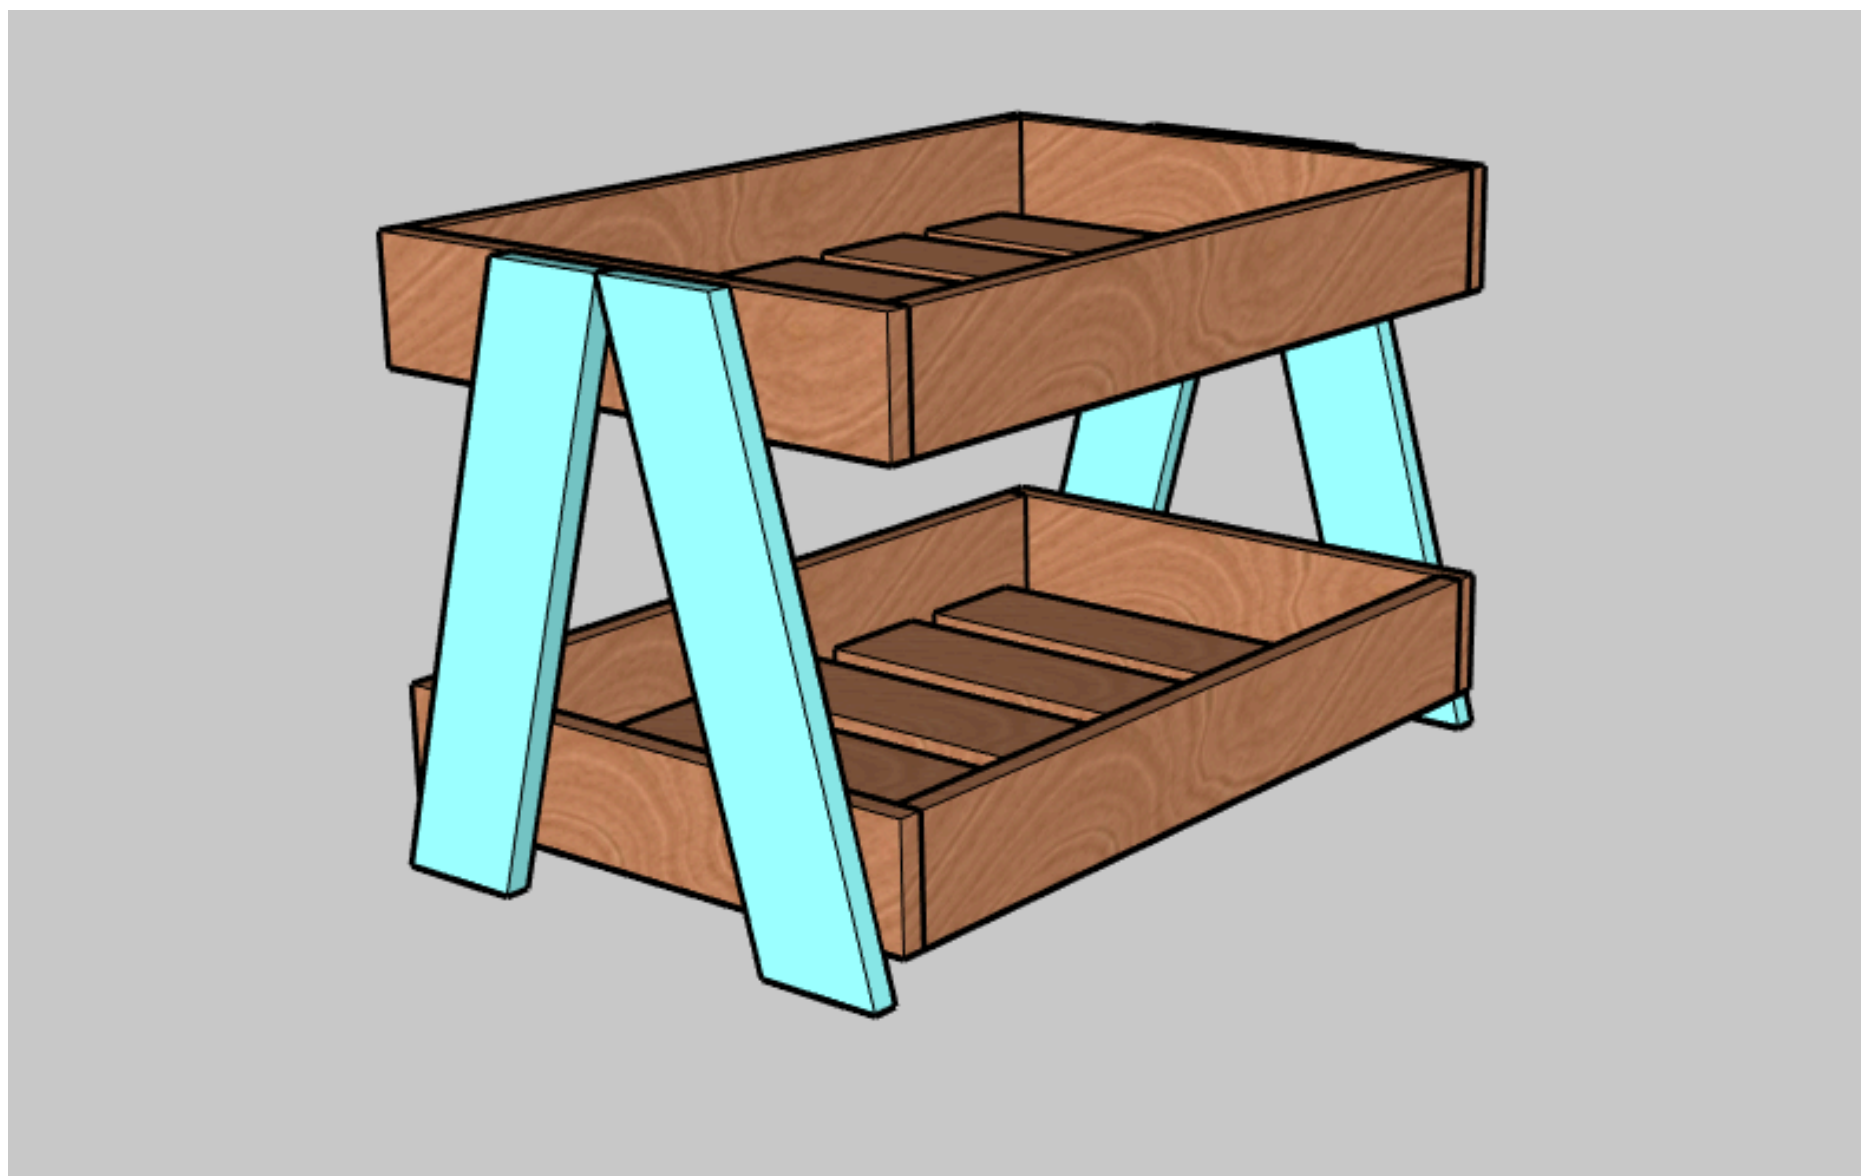

3**Build second tray**

Repeat steps 1 and 2 to build a second tray.

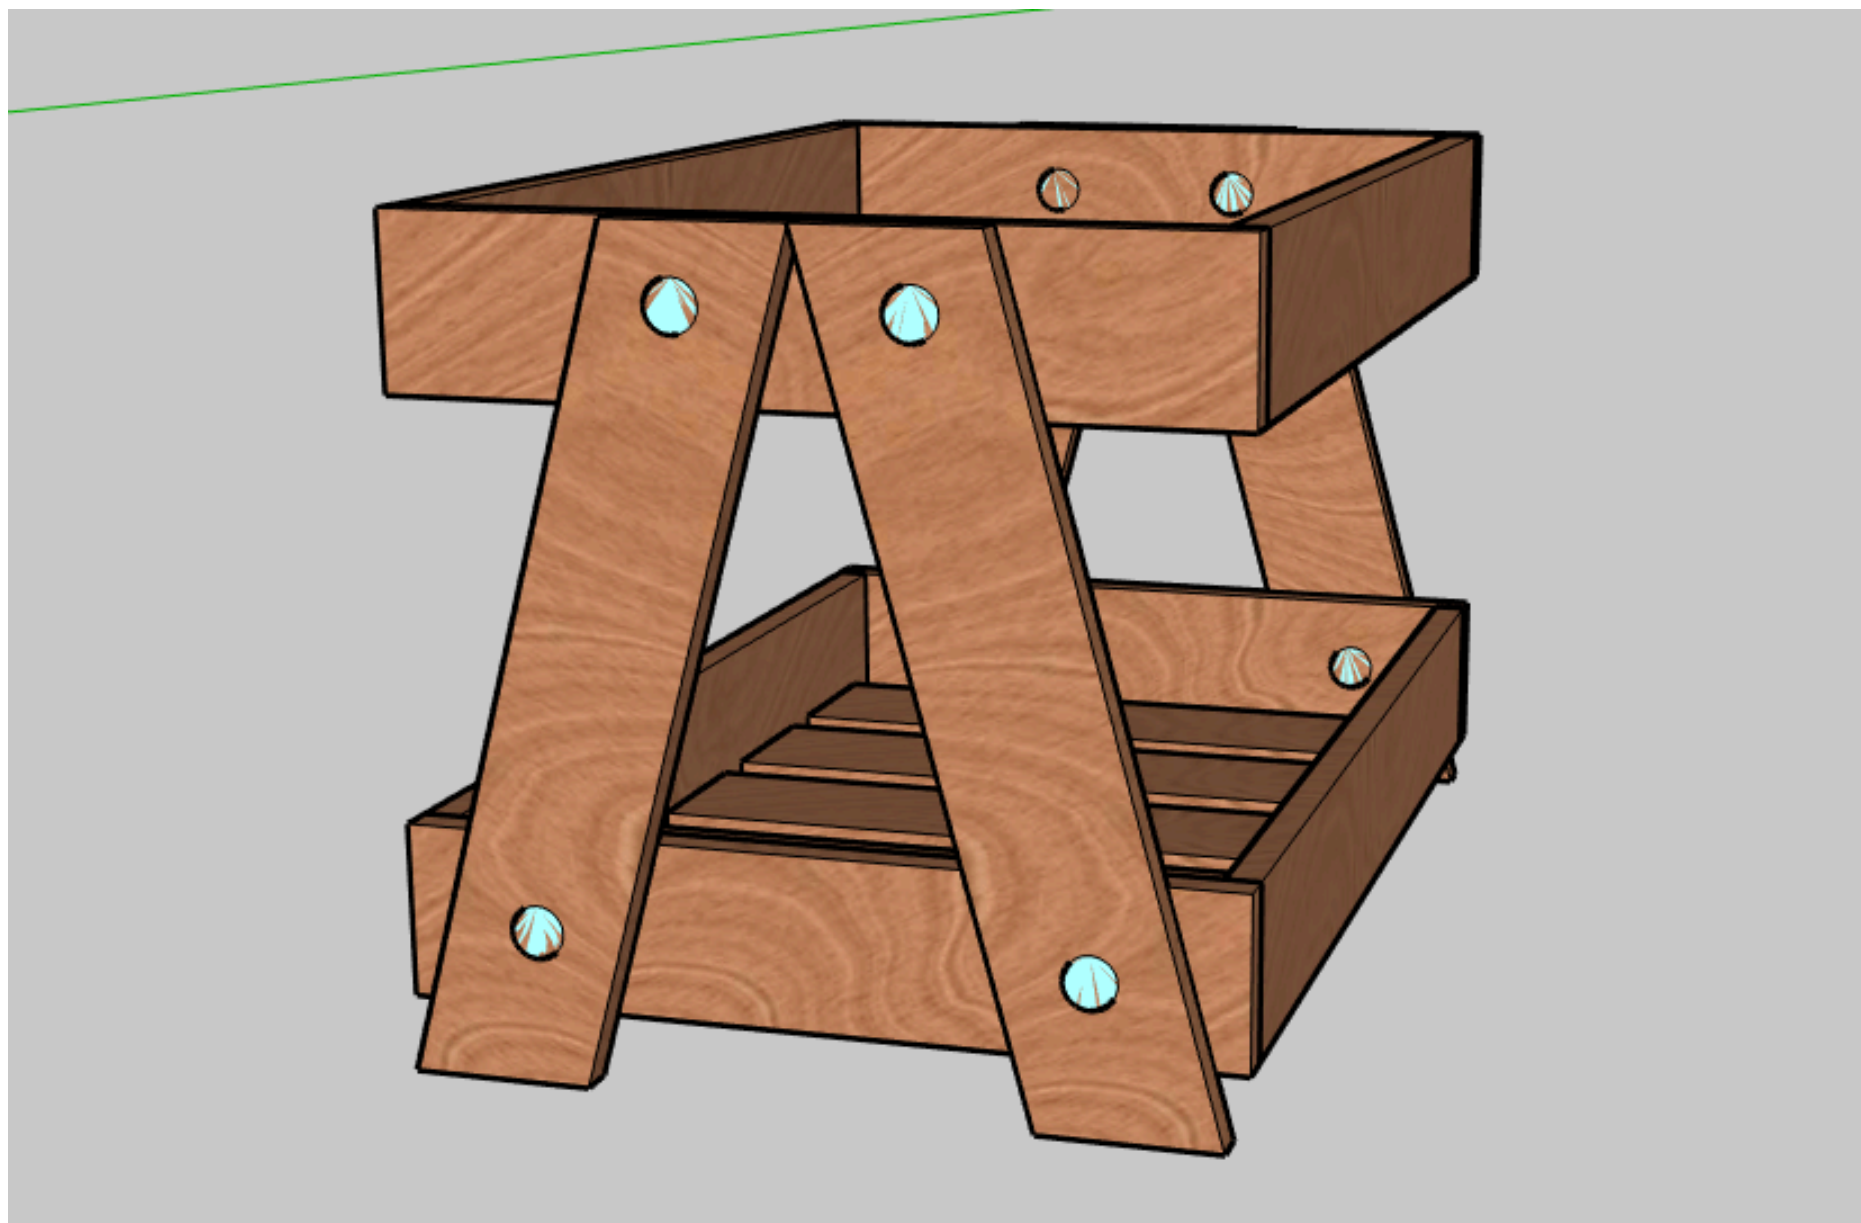

4**Cut legs**

Cut a 15 degree parallel miter on each end of all four legs so that the total height of each leg is 12".

5**Insert dowels**

Legs will be connected to the trays with dowel joinery. Clamp and glue your legs to the outside of the trays with the legs in the center of the top tray and the bottom tray 1" off the ground. Drill a 3/4" hole where each leg intersects the trays. Apply wood glue to four 1" dowel pieces and hammer into the holes.

6**Finish**

Finish with a food-safe cutting board oil. Serve your holiday treats or daily fruits for guests!
